Join our Club on Saturday, March 28th as we participate in this national Tulane service event.

Tulane’s Orange County Club will be planting fruit trees at “Boys Town” in Trabuco Canyon. Yes, this is the same Boys Town organization that was founded 90 years ago by Father Flanagan. Please see the pictures on the next page of where we will be planting trees. Bring family and friends with you to help this important cause.

National Participation: On March 28th, Tulane Alumni Clubs around the country are planting trees! Planting even one tree helps lessen our community’s carbon footprint.

As you know, Tulane University has become more “green.” New campus buildings reflect positive environmental changes, and students increasingly choose green projects to perform required community service. Service has become mandatory for students. As Alumni, parents and friends, we should do our share in our local community to show solidarity with Tulane.

Tulane & Newcomb Alumni, family & friends are urged to join the University’s efforts!

Please register ASAP to participate between 10:00 AM – 12:00 (Noon). Following our tree planting at Noon will be a lunch at Rose Canyon Cantina & Grill. You are responsible for buying your own lunch.
Boys Town Trabuco Canyon is a residential community made up of five houses that each have about six bedrooms and permanent resident house parents. Boys Town is a beacon of hope for America’s children and families through its life-changing youth and health care programs. Boys Town Specialized Treatment Group Homes are a medically directed and secure treatment program for youths ages 10 to 18. The Homes provide effective treatment within a family-oriented environment for youth with psychiatric disorders. The program offers the support, care and round-the-clock supervision to enable youth to progress in daily living skills and appropriate healthy socialization. These youth are unable to function in normal family or community settings. The goal of the program is to help children successfully transition to a less restrictive level of care.

Boys Town is built on 80 acres in a pristine setting in the hills of Trabuco Canyon near Rancho Santa Margarita. With the love of a family, Boys Town children are nurtured into self-sufficient, accomplished adults.

We will be planting fruit trees around each of the five residential houses. We need your help between 10:00 AM and 12:00 (Noon) on Saturday March 28th. Please sign up today and donate to help us buy and plant these trees.
Boys Town Location

To get to “Boys Town”, map your directions to Rose Canyon Cantina at the address below. Once there, simply go up the hill directly across the street from the restaurant on Mountain View Road and stay to the right all the way to the top of the hill. The five houses at the dead end on top of the hill is Boys Town.

Lunch will be at Noon at Rose Canyon Cantina & Grill
20722 Rose Canyon Rd
Trabuco Canyon, CA 92679
(949) 766-6939
