This addendum is to be used for graduate level students who want to receive financial aid for the 2015 summer semester to attend the School of Public Health & Tropical Medicine or the School of Social Work. Full time second year Social Work students do not need to complete this form.

A student receiving scholarship or fellowship funds or stipend for summer enrollment from their academic department has the responsibility to make sure the gift funding is included in their financial aid package for the summer enrollment. Financial Aid packaged for a student who receives scholarship or fellowship or stipend for the summer period must reflect that scholarship or fellowship to be a valid package of financial aid.

For summer enrollment, Tulane provides self-help funds (loans) to eligible students up to the amount requested, up to the cost of attendance less other aid, or the funds’ limits, whichever is less.

To be considered for federal student aid, you must be making satisfactory academic progress (for details, see https://tulane.edu/financialaid/my-aid/upload/Tulane-SAP-Policy-020513.pdf).

In addition, at least one of the following must apply:

• You have applied for and been eligible for aid through the Financial Aid Office for 2014-2015.

• You have applied for aid through the Financial Aid Office for 2015-2016 and have been determined to be eligible.

If neither of the above applies, you are not eligible for federal aid and do not need to complete this addendum, unless you are seeking only non-federal alternative loan consideration.

If one or both of the above applies, note the following:

• For Federal Direct Unsubsidized Loans or Graduate PLUS Loans - This addendum and a completed application* for the 2014-15 academic year and/or the 2015-16 academic year must be on file at the financial aid office. In addition, federal loans require that an appropriate Master Promissory Note (MPN) be completed. A student must be enrolled at least half-time.

**Deadline**

For timely delivery of funds, this addendum and the appropriate application* should be turned in and complete by April 15, 2015. For aid processing, the final deadline is that this addendum and the appropriate application* must be submitted and complete by June 15, 2015, or at least four weeks prior to the end of classes, whichever comes first.

*Financial Aid Application

A Free Application for Federal Student Aid (FAFSA) is required. In addition, students selected by the U.S. Department of Education for verification must also submit additional documentation, which is a specified Independent Student Verification Addendum, which can be found in the Application and Forms section of our web site.

**Federal Work Study**

Regrettably, due to federal budget cuts, we do not have funding for Federal Work Study this summer.

**Federal Direct Unsubsidized Loan (formerly Stafford)**

The amount of Federal Direct Unsubsidized Loan (FDUL) a student may receive is limited each year. A student may opt to apply for remaining 2014-15 FDUL eligibility if any eligibility remains. Although you must complete the standard application process, it is not necessary that you demonstrate need to receive unsubsidized FDUL funds. Refer to the Tulane University Financial
Aid web site at http://tulane.edu/financialaid/hsc/ for more information.

**Annual Federal Direct Unsubsidized Loan Limits:**
Eligible Graduate Students may borrow up to the following limits of FDUL per year (from July 1st to June 30th):
- Social Work $20,500
- Public Health $33,000
- Medical Students $40,500

**Federal Graduate PLUS Loan**
Graduate level students who have exhausted their Federal Direct Unsubsidized Loan limit, but who need additional funds may consider the Federal Graduate PLUS Loan. An eligible student is allowed to borrow up to the cost of attendance, less other aid received. Eligibility requirements include that you must not have adverse credit, be enrolled at least half-time** at Tulane and must meet the academic standards described in the first section of this addendum. Refer to the Tulane University Financial Aid web site at http://tulane.edu/financialaid/hsc/sphtm/spthmscholarships-loans.cfm#loans for more information on eligibility and application.

**Alternative/Private Loan**
Private Loans, also known as Alternative Loans, are another way to finance a student’s education. These are not federal loans: private lenders offer them so there are no federal forms to complete. Students may consider an alternative loan when federal loans are not enough to cover the cost of educational expenses. You should submit this addendum and review the differences between the Alternative Loans and the Federal Graduate PLUS Loan online at http://tulane.edu/financialaid/hsc/sphtm/spthmscholarships-loans.cfm#loans. Note: You must apply directly with the lender AND complete this addendum. The lender determines eligibility and approval, but the school must certify the lender-approved loan.

While Tulane will certify a private loan for a student who appears to be eligible and who requests certification, private lenders may have their own policies and deadlines for summer loans and may not approve our recommendation.

**Attention Abroad Students**
You will need to make alternate financial arrangements if your loan funds are needed to pay in advance for program costs. **Financial aid is not available for disbursement before the summer program begins.**
