**FPAN’s Mission:** FPAN is committed to promoting and providing quality sexual and reproductive health services to women, men and youth and to support the government in meeting the demand for these services throughout the country (http://www.fpan.org).

**Goals and Objectives:**

**GOAL 1:** Advocate for and promote the basic human right of all women, men and youth to make free and informed choices regarding their own sexual and reproductive health and enable them to exercise this right.

*Objective 1:* To promote the right of the individuals to make free and informed choices and disseminate information on the benefits and rights of individuals on family planning and sexual and reproductive health through the media and NGO networks.

*Objective 2:* Remove political, socio-cultural, legal and administrative barriers to the provision of family planning and sexual and reproductive health services.

**GOAL 2:** Increase the accessibility of quality family planning and sexual and reproductive health services to meet the unmet needs of all segments of the population including marginalized and un-served groups.

*Objective 1:* To increase the accessibility and availability of family planning services in meeting the unmet needs.

*Objective 2:* To expand and incorporate a wide range of appropriate sexual and reproductive health services in FPAN program.

*Objective 3:* To ensure and maintain the quality of family planning and sexual and reproductive health services.

**GOAL 3:** Ensure that women’s equality and right to family planning and sexual and reproductive health remain a priority at the FPA and the national level.

*Objective 1:* Promote gender equality at all levels of FPAN to improve women’s participation in governance, management & SRH programs.
**Objective 2:** Ensure commitment and participation of men in improving couple relationship and the sexual and reproductive status of women.

**Objective 3:** Collaborate with other agencies to ensure that the views of women are represented at the national level and advocate for giving priority to women’s sexual and reproductive health rights.

**GOAL 4:** Create a favorable situation to increase the involvement and participation of young people to ensure the availability and accessibility of appropriate information, education, counseling and services to meet their sexual and reproductive health needs.

**Objective 1:** Collaborate with other agencies to improve young people’s access to information and services and advocate for necessary changes in government policies for the inclusion and expansion of sexual and reproductive health services for youth.

**Objective 2:** Increase the availability and accessibility of sexual and reproductive health information and services for young people.

**Objective 3:** Increase the participation and involvement of young people at all levels in the governance and management of the sexual and reproductive health program of FPAN.

**GOAL 5:** Improve the institutional capacity of FPAN to deliver quality FP and sexual and reproductive health services and strengthen resource development for future sustainability.

**Objective 1:** Improve the technical and managerial competence of FPAN staff and volunteers in the field of family planning, sexual and reproductive health, youth & gender and resource development/sustainability to deliver quality services.

**Objective 2:** Continue to provide training in family planning, sexual and reproductive health to government and other service providers and develop a national centre for excellence at the FPAN.

**Objective 3:** Develop the governance capacity to play an effective role in policy formulation, advocacy and resource development.

**Objective 4:** Strengthen the management system of FPAN to ensure effective program implementation.

**Objective 5:** Strengthen and diversify the resource development effort to deliver sustainable, community based family planning and reproductive health programs (http://www.fpan.org).
