Deliveries
- 80 Foot Boom Lift

Events for upcoming week
- Cornerstone Electric is scheduled to begin the permanent installation of the power and date cables for the Angry Wave lighting package.

Recap of work performed (October 29 – November 04, 2017)
- The Solomon Group, working under Cornerstone Electric, will have a 80 foot boom lift delivered to site on 11/02/17.
- The electrical contractor will install six (6) additional light fixtures on the Angry Wave lighting mounts. These fixtures are intended to add additional light to the Angry Wave sign.
- Testing of the system will occur at dusk, on 11/02/17.
