

## Faculty Honors and Awards, Tulane University

| Organization/Institute/Association       | Honor/Award                                 | Last, First                 | Department/School/Center              | Year             |
|--|---|-----------------------------|---------------------------------------|------------------|
| Academie Internationale du droit Compare | Member Titulaire                            | Gordley, James              | School of Law                         | 2010             |
| Academy of Management                    | Fellow                                      | Cannella, Albert            | School of Business                    | 2008             |
| Academy of Management                    | Fellow; Vice President; Program Chair-Elect | DeNisi, Angelo              | School of Business                    | 2010             |
| Academy of Management                    | Fellow                                      | Oldham, Greg                | School of Business                    | 1994             |
| Alexander von Humboldt Foundation        | Fellow                                      | Altiero, Nicholas           | Biomedical Engineering                | 1982             |
| Alexander von Humboldt Foundation        | Fellow                                      | Burger, Ronna               | Philosophy                            | 1979             |
| Alexander von Humboldt Foundation        | Fellow                                      | Horowitz, Brian             | Germanic and Slavic Studies           | 2000-2002; 2010  |
| Alexander von Humboldt Foundation        | Fellow                                      | Mislove, Michael            | Mathematics                           | 1976; 1978; 1982 |
| Alexander von Humboldt Foundation        | Research Fellow                             | Mitchell, Brian             | Chemical and Biomolecular Engineering | 2003             |
| Alexander von Humboldt Foundation        | Senior Fellow                               | Sullivan, Henry             | Spanish & Portuguese                  | 1978-1980        |
| Alexander von Humboldt Foundation        | German Chancellor's Fellowship              | Vail, Mark                  | Political Science                     | 2000-2001        |
| Alexander von Humboldt Foundation        | Research Support Grant                      | Vail, Mark                  | Political Science                     | 2007             |
| Alfred P. Sloan Foundation               | Fellow                                      | Fauci, Lisa                 | Mathematics                           | 1992             |
| Alfred P. Sloan Foundation               | Fellow                                      | Long, Hugh                  | Health Systems Management             | 1965-1967        |
| Alfred P. Sloan Foundation               | Fellow                                      | Pratt, Lawrence             | Chemistry                             | 1981             |
| Alfred P. Sloan Foundation               | Research Fellow                             | Wittung-Stafshede, Pernilla | Chemistry                             | 2001             |
| American Academy in Rome                 | Rome Prize Fellowship                       | Coker, Coleman              | School of Architecture                | 1996             |
| American Academy in Rome                 | Rome Prize Fellowship                       | Filson, Ron                 | School of Architecture                | 1969             |
| American Academy in Rome                 | Rome Prize Fellowship                       | Flora, Holly                | Art                                   | 2010             |
| American Academy in Rome                 | Rome Prize Fellowship                       | Luongo, F. Thomas           | History                               | 2005             |
| American Academy in Rome                 | Rome Prize Fellowship                       | Mouton, Grover II           | School of Architecture                | 1971-1973        |
| American Academy of Arts & Sciences      | Fellow                                      | Boone, Elizabeth Hill       | Art                                   | 2012             |
| American Academy of Arts & Sciences      | Fellow                                      | Cowen, Scott                | Business & Economics; President       | 2010             |
| American Academy of Arts & Sciences      | Fellow                                      | Gordley, James              | School of Law                         | 1999             |

## Faculty Honors and Awards, Tulane University

| Organization/Institute/Association                  | Honor/Award                        | Last, First          | Department/School/Center       | Year      |
|---|------------------------------------|----------------------|--------------------------------|-----------|
| American Academy of Arts & Sciences                 | Fellow                             | Schally, Andrew      | Medicine                       | 1978      |
| American Antiquarian Society                        | Fellow                             | Reiss, Benjamin      | English                        | 2001-2002 |
| American Association for the Advancement of Science | Fellow                             | Bamforth, Stuart     | Ecology & Evolutionary Biology |           |
| American Association for the Advancement of Science | Fellow                             | Beckman, Barbara     | Pharmacology                   | 2005      |
| American Association for the Advancement of Science | Fellow                             | Berenson, Gerald     | Epidemiology                   |           |
| American Association for the Advancement of Science | Fellow                             | Coy, David           | Medicine                       | 1999      |
| American Association for the Advancement of Science | Fellow                             | Deiningner, Prescott | Epidemiology                   | 2008      |
| American Association for the Advancement of Science | Fellow                             | Diebold, Ulrike      | Physics                        | 2007      |
| American Association for the Advancement of Science | Fellow                             | Gaver, Donald III    | Biomedical Engineering         | 2015      |
| American Association for the Advancement of Science | Fellow                             | Hyman, James         | Mathematics                    | 2010      |
| American Association for the Advancement of Science | Fellow                             | Jazwinski, Michal    | Medicine                       | 2010      |
| American Association for the Advancement of Science | Fellow                             | Kumar, Nirbhay       | Tropical Medicine              | 2007      |
| American Association for the Advancement of Science | Fellow                             | Levy, Laura          | Microbiology & Immunology      | 2006      |
| American Association for the Advancement of Science | Fellow                             | Lustig, Arthur       | Biochemistry                   | 2006      |
| American Association for the Advancement of Science | Fellow                             | Muneoka, Ken         | Cell & Molecular Biology       | 2003      |
| American Association for the Advancement of Science | Fellow                             | Navar, L. Gabriel    | Physiology                     | 1997      |
| American Association for the Advancement of Science | Fellow                             | Parsley, Ronald      | Earth & Environmental Sciences | 1968      |
| American Association for the Advancement of Science | Fellow                             | Thien, Leonard       | Cell & Molecular Biology       | 1991      |
| American Association of University Women            | Fellowship                         | Flora, Holly         | Art                            | 2002-2003 |
| American Council of Learned Societies               | Fellow                             | Clark, Emily         | History                        | 2010      |
| American Council of Learned Societies               | Fellow                             | Masquelier, Adeline  | Anthropology                   | 2004      |
| American Council of Learned Societies               | Fellow                             | Bernstein, Michael   | History; Economics             | 1989      |
| American Council of Learned Societies               | Fellow                             | Desai, Gaurav        | English                        | 2007      |
| American Dairy Science Association                  | Walter B. Cannon Award Lectureship | Navar, L. Gabriel    | Physiology                     | 2012      |

## Faculty Honors and Awards, Tulane University

| Organization/Institute/Association                        | Honor/Award                            | Last, First         | Department/School/Center              | Year             |
|---|--|---------------------|---------------------------------------|------------------|
| American Diabetes Association                             | Banting Medal for Leadership & Service | Fonseca, Vivian     | School of Medicine                    | 2012             |
| American Institute for Medical and Biological Engineering | Fellow                                 | Gaver, Donald III   | Biomedical Engineering                | 2002             |
| American Institute for Medical and Biological Engineering | Fellow                                 | Walker, Cedric      | Biomedical Engineering                | 2000             |
| American Institute of Architects                          | Fellow                                 | Barron, C. Errol    | School of Architecture                | 1996             |
| American Institute of Architects                          | Fellow                                 | Cizek, Eugene       | School of Architecture                | 1997             |
| American Institute of Architects                          | Fellow                                 | Filson, Ron         | School of Architecture                | 1995             |
| American Institute of Architects                          | Fellow                                 | Kinnard, Judith     | School of Architecture                | 2004             |
| American Institute of Architects                          | Fellow                                 | Schwartz, Kenneth   | School of Architecture                | 2001             |
| American Institute of Chemical Engineers                  | Fellow                                 | Law, Victor         | Chemical and Biomolecular Engineering | 1998             |
| American Institute of Chemical Engineers                  | Fellow                                 | Robinson, Anne      | Chemical & Biomolecular Engineering   | 2016             |
| American Philosophical Society                            | Fellow                                 | Bricker, Victoria   | Anthropology                          | 2002             |
| American Philosophical Society                            | Fellow                                 | Davis, Charles Till | History                               | 1998             |
| American Philosophical Society                            | Franklin Research Fellowship           | Kuczynski, Michael  | English                               | 1992; 1996; 2004 |
| American Philosophical Society                            | Franklin Research Grant                | Lusnia, Susann      | Classical Studies                     | 2005             |
| American Physical Society                                 | Fellow                                 | Diebold, Ulrike     | Physics                               | 2004             |
| American Physical Society                                 | Fellow                                 | Herman, Michael     | Chemistry                             | 2001             |
| American Physical Society                                 | Fellow                                 | McGuire, Jim        | Physics                               | 1985             |
| American Physical Society                                 | Fellow                                 | Perdew, John        | Physics                               | 1991             |
| American Psychological Association                        | Fellow                                 | Barbarin, Oscar A.  | Psychology                            | 1985             |
| American Psychological Association                        | Fellow                                 | Burke, Michael      | School of Business                    | 1994             |
| American Psychological Association                        | Fellow                                 | Colella, Adrienne   | School of Business                    | 2003             |
| American Psychological Association                        | Fellow                                 | Colombo, Paul       | Psychology                            | 2015             |
| American Psychological Association                        | Fellow                                 | DeNisi, Angelo      | School of Business                    | 1988             |
| American Psychological Association                        | Fellow                                 | Natasi, Bonnie K.   | Psychology                            | 2007             |

| National Academy of Sciences                       | Elected Member                | Bricker, Victoria        | Anthropology                | 1991       |
| National Academy of Sciences                       | Elected Member                | Perdew, John             | Physics                     | 2011       |
| National Academy of Sciences                       | Elected Member                | Prockop, Darwin          | Medicine                    | 1985       |
| National Endowment for the Humanities              | Research Fellow               | Brumfield, William Craft | Germanic and Slavic Studies | 2001-2002  |
| National Endowment for the Humanities              | Faculty Research Award        | Burger, Ronna            | Philosophy                  | 1993       |
| National Endowment for the Humanities              | Fellow                        | Charles, John            | Spanish & Portuguese        | 2005       |
| National Endowment for the Humanities              | Fellow                        | Dunn, Christopher        | Spanish & Portuguese        | 2012       |
| National Endowment for the Humanities              | Fellow                        | Masquelier, Adeline      | Anthropology                | 2004       |
| National Endowment for the Humanities              | Fellow                        | Murchison, Gayle         | Music                       | 2004       |
| National Endowment for the Humanities              | Fellow                        | Remer, Gary              | Political Science           | 1998       |
| National Endowment for the Humanities              | Fellow                        | Riley, Jonathan          | Philosophy                  | 2002-2003  |
| National Endowment for the Humanities              | Junior Fellow                 | Sullivan, Henry          | Spanish & Portuguese        | 1976       |
| National Endowment for the Humanities              | Senior Fellow                 | Sullivan, Henry          | Spanish & Portuguese        | 1999       |

## Faculty Honors and Awards, Tulane University

| Organization/Institute/Association        | Honor/Award  | Last, First              | Department/School/Center              | Year      |
|---|--|--------------------------|---------------------------------------|-----------|
| National Endowment for the Humanities     | Fellow   | Taras, Raymond           | Political Science                     | 2003-2006 |
| National Endowment for the Humanities     | Fellow   | Luongo, F. Thomas        | History                               | 1994      |
| National Humanities Center                | Andrew W. Mellon Fellowship                              | Bernstein, Michael       | History; Economics                    | 1990      |
| National Humanities Center                | Fellow   | Brumfield, William Craft | Germanic and Slavic Studies           | 1992-1993 |
| National Humanities Center                | Fellow   | Desai, Gaurav            | English                               | 2001-2002 |
| National Humanities Center                | Fellow   | Riley, Jonathan          | Philosophy                            | 2002-2003 |
| National Institutes of Health             | NIH Merit Award  | Gregory, Paula           | Medicine                              | 1998      |
| National Institutes of Health             | NIH Merit Award  | Hamm, Lee                | Medicine                              | 1992      |
| National Science Foundation               | CAREER Award   | Albert, Julie            | Chemical & Biomolecular Engineering   | 2016      |
| National Science Foundation               | NSF Career Award   | Ashbaugh, Hank           | Chemical and Biomolecular Engineering | 2008      |
| National Science Foundation               | NSF Career Award   | Diebold, Ulrike          | Physics                               | 1997      |
| National Science Foundation               | NSF Career Award   | Donahue, Jim             | Chemistry                             | 2009      |
| National Science Foundation               | NSF Career Award   | Godbey, W.T.             | Chemical and Biomolecular Engineering | 2009      |
| National Science Foundation               | NSF Career Award   | Golob, Edward            | Psychology                            | 2009      |
| National Science Foundation               | NSF Career Award   | Grayson, Scott           | Chemistry                             | 2009      |
| National Science Foundation               | NSF CAREER Award   | Hall, Benjamin           | Cell & Molecular Biology              |           |
| National Science Foundation               | NSF Career Award   | Kaplan, Lev              | Physics                               | 2006      |
| National Science Foundation               | NSF Career Award   | Mao, Zhiqiang            | Physics                               | 2007      |
| National Science Foundation               | NSF CAREER Award   | Moore, Michael           | Biomedical Engineering                |           |
| National Science Foundation               | Presidential Young Investigator Award                    | Nickerson, Cheryl        | Microbiology & Immunology             | 2001      |
| National Science Foundation               | Presidential Early Career Award in Science & Engineering | Robinson, Anne           | Chemical & Biomolecular Engineering   | 2000      |
| National Science Foundation               | NSF CAREER Award   | Vasudevan, Nandini       | Cell & Molecular Biology              |           |
| NATO (North Atlantic Treaty Organization) | Senior Fellow  | Gordley, James           | School of Law                         | 1991      |
| Newberry Library                          | Fellow   | Kuczynski, Michael       | English                               | 2007      |
