INTERDISCIPLINARY INNOVATIVE PROGRAMS HUB (I²PH)
LECTURE SERIES

VITAMIN D, DIET AND IMMUNE RESPONSE
DR. MICHAEL MCCASKILL
Assistant Professor, Global Environmental Health Sciences, TUSPHTM

TUESDAY
OCTOBER 28TH, 2014
TIDEWATER – SUITE 1714
SEMINAR ROOM – 1716W
3:00 – 4:00 PM

Dr. McCaskill’s research lies at the convergence of environmental pressures, human behavior, and innate responses, specifically related to environmental toxicology, xenobiotic-induced metabolic dysregulation of macro-nutrients.
