TRMD 7020 Parasitology Seminar

Professor: Mark Wiser, PhD

Credits: 1

Semester(s) Offered: Fall, Spring

Course Description:

The seminar experience for MSPH students (TRMD 702) and MPH&TM students (TRMD 700) is intended to stimulate a critical reading of the current literature and to ensure that each student learns to present important and potentially controversial data in a rigorous and careful fashion.
TRMD 7020 Parasitology Seminar

Learning Objectives:

1. To become familiar with the various library and bibliographic resources and learn how to use them in finding papers on a particular topic.
2. To learn how to organize complex material into an easy to follow presentation.
3. To improve public speaking and presentation skills.
4. To learn how to write a concise and informative abstract.
5. To become more knowledgeable about the current scientific literature and controversial topics.
