School of Science and Engineering
Alumni Awards 2010

The Second Annual School of Science and Engineering Alumni Awards Celebration will be held on Thursday, April 8, 2010 in conjunction with the Spring 2010 Science and Engineering Board of Advisors and Benefactors Reception.

Awards will be presented to alumni of science and engineering degree programs to honor those who have had significant impact through distinguished achievements or outstanding service to the School and University.

Alumni from all science and engineering degree programs, whether or not they are currently being offered, are eligible to be nominated for an award, with the exception of active members of the Tulane Board of Administrators. A list of these degree programs is included in this package.

The Science and Engineering awards that will be presented are:

- Science and Engineering Outstanding Alumnus/a
- Science and Engineering Outstanding Young Alumnus/a
- Science and Engineering Outstanding Service Alumnus/a

The deadline for nominations is January 30, 2010.

We are currently seeking nominations for the science and engineering alumni awards, so anyone interested in nominating an SSE alumnus/a should see the instructions included in this package.
AWARD DESCRIPTIONS AND CRITERIA:

**Science and Engineering Outstanding Alumnus/a:** The Science and Engineering Outstanding Alumnus/a Award is the highest form of alumni recognition given by the School of Science and Engineering. The committee defines the recipient as: "One singularly successful individual who, through exemplary accomplishments and recognition, epitomizes the potential of a Tulane education and thereby brings credit and honor to the School and University".

**Criteria:**
- The recipient must be an alumnus/a of Tulane University.
- The recipient must be in attendance at the designated ceremony in order to receive the award.
- The recipient should have definable career accomplishments and/or excellence in his/her chosen field of endeavor.

**Science and Engineering Outstanding Young Alumnus/a:** The Science and Engineering Outstanding Young Alumnus/a Award is presented to a recent graduate, who like the Outstanding Alumnus/a Award is: "One singularly successful individual who, through exemplary accomplishments and recognition, epitomizes the potential of a Tulane education and thereby brings credit and honor to the School and University".

**Criteria:**
- The recipient must be an alumnus/a of Tulane University.
- The recipient must have graduated within the past ten years.
- The recipient must be in attendance at the designated ceremony in order to receive the award.
- The recipient should have definable career accomplishments and/or excellence in his/her chosen field of endeavor.

**Science and Engineering Outstanding Service Alumnus/a:** The Science and Engineering Outstanding Service alumnus/a award is presented to "those alumni who, through their dedicated and voluntary efforts to support the programs and mission of Tulane, express their gratitude to the school and insure it's enlarging impact on our community and future generations of students".

**Criteria:**
- The recipient must be an alumnus/a of Tulane University.
- The recipient must be in attendance at the designated ceremony in order to receive the award.

The recipients of these above awards will be nominated for the annual Tulane Alumni Association 2011 awards.
SCHOOL OF SCIENCE AND ENGINEERING ALUMNI AWARDS
NOMINATION FORM

Deadline to submit nominations: January 30, 2010

To submit a nomination: Nominations require a curriculum vitae, 3 letters of recommendation and any other supporting documents. Nomination packages should be submitted electronically to Candise Guedry at candy@tulane.edu, hand delivered or mailed to the Tulane School of Science and Engineering, Dean's Office, 201 Lindy Boggs Bldg., New Orleans, LA 70118, Attn: Candise Guedry. All information on a nominee must be compiled by the individual submitting the nomination. For additional information please contact Candise Guedry @ candy@tulane.edu or 504-865-5844.

Selection of the award recipients:
• The SSE Board of Advisors Alumni Relations committee will initially review all nomination packages and select 2 or 3 of the strongest candidates for each award category.
• The School of Science and Engineering Executive committee will select the SSE award recipients from the finalists for each award category.

NOMINATION FOR:
O School of Science and Engineering Outstanding Alumnus/a
O School of Science and Engineering Outstanding Young Alumnus/a
O School of Science and Engineering Outstanding Service Alumnus/a

Nominee's name ________________________________________________________________

Year of graduation _____________________________________________________________

Degree received _______________________________________________________________

Major ___________________________________________________________________________

Mailing address __________________________________________________________________

City, State, Zip __________________________________________________________________

Phone number _____________________________________________________________________

E-mail address and website if known _______________________________________________

Field of Achievement & description of accomplishments - attach separate sheet
Nominator information:
Name ___________________________ Date ____________
Relationship to Tulane University ____________________________
Mailing address ____________________________________________
City ___________________________ State ______ Zip __________
Preferred Day Telephone ____________________________
E-mail Address ___________________________________________
Alumni from the following Science and Engineering Programs are eligible for nomination:

- Applied Mathematics*
- Biological Chemistry
- Biology*
- Biomedical Engineering
- Botany*
- Cell and Molecular Biology
- Chemical Engineering
- Chemical and Biomolecular Engineering
- Chemistry
- Civil Engineering*
- Computer Engineering*
- Computer Information Systems*
- Computer Science*
- Earth and Environmental Sciences
- Earth Sciences*
- Ecology and Evolutionary Biology
- Ecology, Evolution, and Organismal Biology*
- Electrical Engineering*
- Engineering*
- Engineering Management*
- Engineering Physics
- Engineering Science
- Environmental Biology
- Environmental Engineering*
- Environmental Science
- Geology
- Marine Science
- Mathematics
- Mechanical Engineering*
- Neuroscience
- Petroleum Engineering*
- Physics
- Psychology
- Psychology and Early Childhood Education
- Science*
- Statistics
- Zoology*

*Programs currently not being offered.
