SCIENCE AND ENGINEERING MAJOR WEEK 2013

Students who attend any event preceding the Crawfish Boil will receive a “Fast Pass” to jump the line for crawfish.

Coffee and Donuts every morning in Boggs Lobby, Monday – Thursday, 8:30 – 10:30 a.m.

Monday, March 11

11 a.m.–1 p.m. | Stem Patio
Pasta on the Patio
SSE faculty will also be in attendance. Enjoy free Regnell’s pasta and salad.

3 p.m. – 5 p.m. | Stibbs Room, LBC 203
Brain Panel
Don’t miss this discussion featuring neuroscience faculty members and researchers Jill Daniel, Gary Donohue, and Jeff Tasker.

Tuesday, March 12

11 a.m. – 1 p.m. | Kendall Dram Lecture Hall, LBC 143
Fair Extraordinaire
Meet representatives from Academic Advising, CEIT, Covel Institute, CPS, HIRE Tulane, and the Office of Study Abroad.

6:30 p.m. – 7:30 p.m. | Stibbs Room, LBC 203
Charting Your Course to Medical or Graduate School
Graduate and medical school students will share personal experiences and offer advice.

Wednesday, March 13

12 – 1 p.m. | Boggs 239
“Human-Centered Computing” — Ken Ford, Director and CEO of the Institute for Human and Machine Cognition
The Tulane alumni and researchers of artificial intelligence, cognitive science, human-centered computing, and entrepreneurship in government and academia, will give the SSE Week keynote speech.

4 p.m. | Jones 102
Chemistry Seminar
with Ibrahim Alhokb, Graduate Student

5 – 7 p.m. | Academic Quad
Crawfish Boil + AICHE’s Fun with Chemistry
Enjoy crawfish, St. Patrick’s Day beer (for students with ID), and a demonstration of chemistry applications.

Thursday, March 14

11 a.m. – 1 p.m. | Boggs Patio
Pi Day Celebration
Celebrate with sweet treats, contests, and prizes in honor of our favorite mathematical constant.

3:30 p.m. | Gibson 414
Mathematics Seminar
with Chris Cosner, University of Miami

3:30 – 5:30 p.m. | Neuroscience Teaching Lab, Stem 202
Brain Lab
The lab will be open for games and other illusions to trick your brain.

4 p.m. | Boggs 104
Biomedical Engineering Seminar

4 p.m. | Boggs 105
Algorithmic Visualizations: Music Controlled with Math
Math and music will come together in a visual demo with Dr. Richard Snow.

Friday, March 15

11 a.m. | LBC 212
Ecology & Evolutionary Biology Seminar
Catalina Estrada, Smithsonian Tropical Research Institute, will lecture on “The Role of Communication in Driving Ecological and Evolutionary Processes.”

12 p.m. | LBC 201
Psychology Colloquium
“Anxiety & Substance Use Disorders: Identifying Underlying Mechanisms & Encouraging Behavioral Change” — Julia C. Buckner, Ph.D., Louisiana State University

12 – 1 p.m. | Flower Hall, 2nd Floor
Dean’s Forum
SSE Dean Alliero will be on hand to answer all students’ questions. Pizza and cupcakes will be served.

4 p.m. | Richardson 117
Cell & Molecular Biology Seminar
Hua Lu, Ph.D., Tulane School of Medicine, will discuss translating the p53 pathway into anti-cancer drug discovery.

4 – 5 p.m. | Boggs 122
Presentation by Madeline Puckett from Epic

Open to all students, regardless of major.
