| Wednesday, Jan 17, 2018 – 4pm | ALS; little progress since I was a Tulane undergraduate             | Jeffrey A. Cohen, MD, FACP  
Professor and Chair, Department of Neurology  
Geisel School of Medicine  
Dartmouth-Hitchcock Med Center           | Boggs 105       | Daniel                           |
| Wednesday, Jan 24, 2018 – 4pm  | Effects of osmotic stress on oxytocinergic signaling in the rodent hypothalamus | Charles J. Frazier, PhD  
Associate Professor  
Department of Pharmacodynamics  
University of Florida College of Pharmacy | Downtown SOM-5150 | Zsombok                         |
| Wednesday, Jan 31, 2018 – 4pm  | Computation and the Function of Consciousness                           | Gualtiero Piccinini, PhD  
Professor, Department of Philosophy  
Associate Director, Center for Neurodynamics  
University of Missouri – St. Louis       | Boggs 105       | Brain Institute & Cognitive Studies (Burnston) |
| Wednesday, Feb 7, 14, & 21, 2018 | NO SEMINAR                                                            | Anna Taylor, PhD  
Assistant Professor  
Department of Pharmacology  
University of Alberta                | Downtown SOM-5150 | Graduate Student  
Hosted Seminar (Amgott-Kwan)           |
| Wednesday, Feb 28, 2018 – 4pm  | Revealing a brain-gut microbiome connection in opioid dependence              | Godfrey Pearson, MD  
Professor of Psychiatry and Neuroscience  
Yale University School of Medicine and  
Founding Director, Olin Neuropsychiatry Research Center, Institute of Living | Boggs 105       | Wang                               |
| Wednesday, Mar 7, 2018 – 4pm       | Driving While Stoned – Practical Issues and Problems from the Brain to the Roadside | Teresa A. Milner, PhD  
Professor of Neuroscience  
Feil Family Brain and Mind Research Institute  
Weill Cornell Medicine          | Downtown SOM-5150 | Lindsey                        |
| Wednesday, Mar 14, 2018 – 4pm     | Hypertension susceptibility and changes in hypothalamic plasticity in a mouse model of menopause | Katie Thomas, PhD  
Institute of Child Develop  
University of Minnesota     | Boggs 105       | Markant                      |
| Wednesday, Mar 21, 2018 – 4pm     | Early Adversity and Brain Development: A Cognitive Neuroscience Approach             | Jaideep Bains, PhD  
Professor of Physiology & Pharmacology  
Hotchkiss Brain Institute  
University of Calgary           | Jones 102       | Brain Institute & CMB (Tasker)         |
| Friday, Mar 23, 2018 – 4pm        | Social transmission and buffering of Stress                            |                                                                       |               |                                           |
| Wednesday, Mar 28 & April 4       | NO SEMINAR                                                            |                                                                       | SPRING BREAK 3/25 - 4/2 |                                           |
| Wednesday, April 11, 2018 – 4pm    | Organizational principles of the mesolimbic dopamine system         | Larry Zweifel, PhD  
Associate Professor  
Departments of Pharmacology and  
Psychiatry & Behavioral Sciences  
University of Washington | Boggs 105       | Fadok                           |
| Wednesday, April 18, 2018 – 4pm    | Effects of Growth Hormone, On Brain Function – Reversal of drug-induced damages on cognitive function | Fred Nyberg, PhD  
Chair of Pharmacology  
Uppsala University               | Downtown SOM-5150 | Zadina                           |
