Checklist for 4+1 M.S. in Behavioral Health – Applied Track, Thesis Option

**General Curriculum:**
- Pre-requisite for admission to the Applied track: either PSYC 3330 (Abnormal Psychology) or PSYC 3340 (Developmental Psychopathology)
- 24 graduate credits in Psychology (8 graduate courses)
- Empirical Master’s thesis (6 credits of PSYC 9980 Master’s Thesis Research)
- Prospectus meeting (Held before October 1 for students entering in August and February 15 for students entering in January)
- Successful Master’s thesis defense (Held before April 15 for May degree, August 5 for August degree, and December 5 for December degree)

**Fall Senior Year:**
- 1. Psychology Graduate-Level Elective Course

**Spring Senior Year:**
- 2. PSYC 7400 Developmental Psychopathology

**Fall +1 Year:**
- 3. PSYC 6700 Health Psychology I
- 4. PSYC 6090 Univariate Statistics I
- 5. PSYC 7610 Psychological Assessment I (Applied-Assessment sequence) OR PSYC 7630 Behavioral and Cognitive Behavioral Intervention (Applied-Intervention sequence)
- PSYC 9980 Master’s Thesis Research

**Spring +1 Year:**
- 6. PSYC 6710 Health Psychology II
- 7. PSYC 6100 Research Methods in Behavioral Health
- 8. PSYC 7620 Psychological Assessment II (Applied-Assessment sequence) OR PSYC 7660 Evidence-Based Interventions for Children and Adolescents (Applied-Intervention sequence)
- PSYC 9980 Master’s Thesis Research

**Examples of Psychology Graduate-Level Elective Courses:**
- PSYC 6060 Behavioral Endocrinology; PSYC 6180 History and Systems of Psychology; PSYC 6330 Neurobiology of Learning and Memory; PSYC 6590 Stress and Trauma; PSYC 7000 Social Psychology; PSYC 7010 Personality; PSYC 7020 Developmental Psychology; PSYC 7100 Psychopharmacology; PSYC 7150 Advanced Adolescent Psychology; PSYC 7160 Children of Color; PSYC 7170 Intergroup Relations; PSYC 7180 Social Identity

**Other Requirements:**
- All courses counting towards the 24 credits must have a B- or higher grade. Grades below a B- do not count towards the degree.
- The minimum grade point average calculated over the 24 credits counted toward the degree must be greater than 3.0.
- No more than 6 credits can count towards both the Bachelor’s and the Master’s degree.
- No more than 6 credits taken as an overload during undergraduate studies can count toward the Master’s degree.
- Application for degree and submission of degree fees to the School of Science and Engineering is required.
- Submission of thesis to the School of Science & Engineering.
Checklist for 4+1 M.S. in Behavioral Health – Applied Track, Non-Thesis Option

General Curriculum:
____ Pre-requisite for admission to the Applied track: either PSYC 3330 (Abnormal Psychology) or PSYC 3340 (Developmental Psychopathology)
____ 30 graduate credits in Psychology (10 graduate courses)
____ No more than 3 credits from graduate courses outside of Psychology
____ No more than 3 credits in a Psychology independent study or special topics graduate course

Fall Senior Year:
____ 1. Psychology Graduate-Level Elective Course

Spring Senior Year:
____ 2. PSYC 7400 Developmental Psychopathology

Fall +1 Year:
____ 3. PSYC 6700 Health Psychology I
____ 4. PSYC 6090 Univariate Statistics I
____ 5. PSYC 7610 Psychological Assessment I (Applied-Assessment sequence) **OR** PSYC 7630 Behavioral and Cognitive Behavioral Intervention (Applied-Intervention sequence)
____ 6. Psychology Graduate-Level Elective Course

Spring +1 Year:
____ 7. PSYC 6710 Health Psychology II
____ 8. PSYC 6100 Research Methods in Behavioral Health
____ 9. PSYC 7620 Psychological Assessment II (Applied-Assessment sequence) **OR** PSYC 7660 Evidence-Based Interventions for Children and Adolescents (Applied-Intervention sequence)
____ 10. Psychology Graduate-Level Elective Course

Examples of Psychology Graduate-Level Elective Courses:
PSYC 6060 Behavioral Endocrinology; PSYC 6180 History and Systems of Psychology; PSYC 6330 Neurobiology of Learning and Memory; PSYC 6590 Stress and Trauma; PSYC 7000 Social Psychology; PSYC 7010 Personality; PSYC 7020 Developmental Psychology; PSYC 7100 Psychopharmacology; PSYC 7150 Advanced Adolescent Psychology; PSYC 7160 Children of Color; PSYC 7170 Intergroup Relations; PSYC 7180 Social Identity

Other Requirements:
____ All courses counting towards the 30 credits must have a B- or higher grade. Grades below a B- do not count towards the degree.
____ The minimum grade point average calculated over the 30 credits counted toward the degree must be greater than 3.0.
____ No more than 6 credits can count towards both the Bachelor’s and the Master’s degree.
____ No more than 6 credits taken as an overload during undergraduate studies can count toward the Master’s degree.
____ Application for degree and submission of degree fees to the School of Science and Engineering is required.
Checklist for 4+1 M.S. in Behavioral Health – General Track, Thesis Option

**General Curriculum:**
- 24 graduate credits (8 graduate courses)
- No more than 3 credits from graduate courses outside of Psychology
- No more than 3 credits in a Psychology independent study or special topics graduate course
- One core course (i.e., PSYC 7000-7090): PSYC 7000 Social Psychology; PSYC 7010 Personality; PSYC 7020 Developmental Psychology; PSYC 7030 Cognitive Neuroscience; PSYC 7040 Evolutionary Models of Psychology; PSYC 7070 Cognitive Psychology; PSYC 7080 Sensory and Motor Systems; PSYC 7090 Physiological Psychology
- Empirical Master’s thesis (6 credits of PSYC 9980 Master’s Thesis Research)
- Prospectus meeting (Held before October 1 for students entering in August and February 15 for students entering in January)
- Successful Master’s thesis defense (Held before April 15 for May degree, August 5 for August degree, and December 5 for December degree)

**Fall Senior Year:**
- 1. Psychology Graduate-Level Elective Course or Core Course

**Spring Senior Year:**
- 2. Psychology Graduate-Level Elective Course or Core Course

**Fall +1 Year:**
- 3. PSYC 6700 Health Psychology I
- 4. PSYC 6090 Univariate Statistics I
- 5. Psychology Graduate-Level Elective Course or Core Course
- PSYC 9980 MS Thesis Research

**Spring +1 Year:**
- 6. PSYC 6710 Health Psychology II
- 7. PSYC 6100 Research Methods in Behavioral Health
- 8. Psychology Graduate-Level Elective Course or Core Course
- PSYC 9980 MS Thesis Research

**Examples of Psychology Graduate-Level Elective Courses:**
PSYC 6060 Behavioral Endocrinology; PSYC 6110 Univariate II; PSYC 6130 Multivariate Statistics; PSYC 6180 History and Systems of Psychology; PSYC 6330 Neurobiology of Learning and Memory; PSYC 6590 Stress and Trauma; PSYC 7100 Psychopharmacology; PSYC 7150 Advanced Adolescent Psychology; PSYC 7160 Children of Color; PSYC 7170 Intergroup Relations; PSYC 7180 Social Identity

**Other Requirements:**
- All courses counting towards the 24 credits must have a B- or higher grade. Grades below a B- do not count towards the degree.
- The minimum grade point average calculated over the 24 credits counted toward the degree must be greater than 3.0.
- No more than 6 credits can count towards both the Bachelor’s and the Master’s degree.
- No more than 6 credits taken as an overload during undergraduate studies can count toward the Master’s degree.
- Application for degree and submission of degree fees to the School of Science and Engineering is required.
- Submission of thesis to the School of Science & Engineering.
