Tulane School of Science & Engineering Seminars
(Open to the Public)
Compiled by the Science and Engineering Honor Society (SEHS)

/ Fall 2018 /

Week of October 29

Monday

Title TBA
Pravas Deria, PhD – Southern Illinois University
4:00 PM, Howard Tilton B07
Chemistry

"Hamiltonian Amplification"
Christian Arenz, PhD – Princeton University
3:00 PM, Howard Tilton B11
Physics and Engineering Physics

Wednesday

Title TBA
Chunlai Wu, PhD – LSU School of Medicine
4:00 PM – Downtown SOM 6001
Neuroscience

“Associated primes of powers of edge ideals and ear decompositions of graphs (Part II)"
Ha Minh Lam, PhD – VAST
3:00 PM, Gibson 325
Mathematics

Thursday

Suhren Lecture
Kimberly Foster, PhD – Dean, Tulane University School of Science and Engineering
4:00 PM, Room TBA
Biomedical Engineering

Friday

Title TBA
Douglas Carlson, PhD – LSU Geologic Survey
12:00 PM, SELAB 206
Earth and Environmental Sciences

“How do shifts from migratory to resident behavior alter animal-pathogen dynamics? Monarch butterflies as a case study”
Sonia Altizer, PhD – UGA
11:00 AM, LBC 203
Ecology and Evolutionary Biology

“How An Overview of Model Reduction”
Christopher Beattie, PhD – Virginia Tech
3:30 PM, Gibson 310
Mathematics
