Tulane School of Science & Engineering Seminars
(Open to the Public)
Compiled by the Science and Engineering Honor Society (SEHS)

/ Spring 2019 /

Week of January 28

Monday

Title TBA
Dongmao Zhang, PhD – Mississippi State University
4:00 PM, Jones 102
Chemistry

“What Happens If You Postpone Your Decision?”
Christer Karlsson, PhD – South Dakota School of Mines & Technology
4:00 PM, Stanley Thomas 302
Computer Science

Wednesday

“Resurgence number and Fiber Product of Projective Schemes”
Sankhaneel Bisui – Tulane University
3:00 PM, Gibson 325
Mathematics

“Translating an unexpected discovery in addiction research: Development of a myosin II inhibitor for methamphetamine relapse”
Courtney Miller, PhD – Scripps Research
4:00 PM, Jones 102
Neuroscience

Thursday

Title TBA
Yue Zhao
3:30 PM, Gibson TBA
Mathematics
Friday

*Title TBA*
Rob Wheatcroft, PhD – Oregon State University
12:00 PM, SELAB 206*
Earth and Environmental Science

“Existence, continuation, and lower mass bounds for the Landau equation”
Andrei Tarfulea, PhD – University of Chicago
3:30 PM, Gibson 310
Mathematics

“The Perceptions of Pro-Norm and Anti-Norm Deviants in U.S. Political Parties”
Danica Kulibert – Tulane University
