CLINICAL EDUCATION PAGE

Tulane-Lakeside Hospital has a 28 bed pediatric ward, an 8 bed pediatric intensive care unit, and a 28 bed neonatal intensive care unit. It has an active renal transplant program. Fellows also have the option to rotate on the Adult Solid Organ Transplant Unit, Bone Marrow Transplant Unit, and the Adult Infectious Diseases service.

Ochsner Medical Center has a 35 bed inpatient pediatric ward, a 14 bed pediatric intensive care unit, and a 42 bed Level III neonatal intensive care unit. It also has active heart, liver, and lung transplant programs.

Pediatric infectious diseases clinics are held several times a week at Ochsner Medical Center and Tulane Hospital for Children. Evaluation, management, and guidance are provided for infectious diseases as well as management of international travelers and internationally adopted children.

Pediatric HIV primary care and research clinics are held at Tulane Hospital, the HIV Outpatient Program of the Medical Center of Louisiana, and Crescent Care, a federally qualified health center. In addition, we hold a weekly pediatric tuberculosis clinic for the State of Louisiana.
