PJ’s BREWING METHODS

Great care is taken to select the very best preparation method for each PJ’s Coffee beverage. We use three different brewing methods to bring out the best in every bean.

ESPRESSO
Finely ground PJ’s Espresso Dolce® brewed at very high pressure to produce a complex, rich and sweet liquid crème extracted from the coffee bean.

HOT DRIP
Brewed in the traditional American style, our featured selections change daily so you can sample a variety of PJ’s Coffees.

COLD DRIP
Selected blends of PJ’s coffee are steeped in cold water for up to 24 hours and then filtered to slowly produce a sweet espresso-like concentrate with little acidity – perfect for chilled or hot coffee beverages.

PREMIUM TEAS

HOT & ICED TEA
PJ’s features Mighty Leaf Tea - hand-crafted, artisan, whole leaf teas from around the globe. We offer a variety of whole leaf black tea, green tea and herbal infusions. Selections change daily.

HOT CHAI • ICED CHAI • CHAI VELVET ICE
All PJ’s chai beverages are an exotic and all-natural blend of premium black tea, honey, vanilla bean, spices and milk.

GREEN TEA LATTE

Plucked by hand at the peak ripeness, the fruits of the Coffee Arabica bush are transported to mills where the beans are expertly removed, dried and hand-sorted before shipping to our Roastmaster.
