

Matas Bibliography

1. A. This is a brief explanation of the information in the different note fields that you may see in the citations to follow. The A at the beginning of this citation has no meaning except, that it is there so that this explanation falls at the beginning of this bibliography.
Notes: This field tells where the citation came from, if there is no LIBRARY HAS: field following the Note: field, then it has not been verified as to being in this library; some call numbers were placed after Note: or LIBRARY HAS: field, this means it is in our library.
2. (1) Address on the History and Significance of the Violet Hart Award for Outstanding Achievements in Vascular Surgery; and (2) Presentation and Citation of Dr. Mont R. Reid; first recipient of the "Matas Medal" of the Violet Hart Fund. Report of proceedings at Dixon Hall, N.O., January 23. American Journal of Surgery. 1934; 24(1, April):1-35.
Notes: Matas - His Chronologic Bibliography...
3. 1915-1941 and the years between. With special references to the antagonism and perpetual menace of the old imperial and the new Nazi Germany to the peace and security of the United States. Mississippi Doctor. 1941 Jul; 19:55-67.
4. Abstract from the Acceptance of the President of the American College of Surgeons upon the occasion of the dedication of the Murphy Memorial-quoted from the Chicago Daily Tribune. New Orleans Medical & Surgical Journal. 1926; 79(2):136.
Notes: Matas - His Bibliography
5. Abstract of discussion : Hemangioma and lymphangioma ; their response to the injection of boiling water by Francis Reder of St. Louis, at meeting of AMA , April 1920. Transactions of the Section on Surgery of the American Medical Association. 1920; 71:113.
Notes: Jane Gray Rogers Biblio.
6. Abstract of Discussion : Principles of treatment in the common arterial diseases of the extremities by W.J.M. Scott & J.J. Morton. Journal of the American Medical Association. 1932; 99(12):984-985.
7. Abstract : Treatment of aneurisms. 1922.
Notes: Matas - His Bibliography; Proc. 31 Cng. Assn. Franc de Chirurgie. Gaz d. Hopitaux, October
8. Acceptance : Presentation of the John B. Murphy Memorial Building to the American College of Surgeons, June 10, 1926. Surgery, Gynecology & Obstetrics With International Abstract of Surgery. 1926 Aug; 43(2):251-255.
Notes: Also in Bulletin of American College of Surgeons 10(3):11-15; New Orleans Medical & Surgical Journal 1926;79:136 (Part of Speech)
9. Accessory fasciculus of the soleus in both legs of the same subject, associated with absence of the plantaris in both extremities. New Orleans Medical & Surgical Journal. 1889; 16:581-584.
10. Acute circumscribed edema. New Orleans Medical & Surgical Journal. 1887; 15:257-264.
11. Acute hemorrhagic pancreatitis. New Orleans Medical & Surgical Journal. 1914; 66:740.
12. Address : Address to graduating class, Touro Infirmiry Training School for Nurses. 1922 Feb 25.
Notes: Not in print; Jane Gray Rogers Biblio.
13. Address : Annual oration of the Stars and Bars, Tulane University, Thanksgiving Day, 1914. New Orleans: Yearbook, Stars and Bars; 1917.
Notes: Not in print?; Jane Gray Rogers Biblio.

14. Address : Appeal for more enrollment in the American Red Cross. Address before meeting of the Trained Nurses of New Orleans. 1918 Jul.
Notes: Not in print; Jane Gray Rogers Biblio.
15. Address at commencement exercises College of Physicians and Surgeons. Chicago, Illinois; 1908 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
16. Address at inaugural meeting of the Chirurgical Society of Barcelona with cinematographic clinic illustrating Dr. Matas method of endoaneurismorrhaphy for the radical cure of aneurism (in Spanish). 1927.
Notes: Not in print; Jane Gray Rogers Biblio.
17. Address at luncheon of "Owls' Club" Tulane student body. 1924 Mar 15.
Notes: Not in print; Jane Gray Rogers Bibliography
18. Address at the banquet given in honor of Dr. Matas by the Chirurgical Society of Barcelona (in Catalan). 1927.
Notes: Not in print; Jane Gray Rogers Biblio.
19. Address at the Cabildo at reception to the President, Council and Trustee of the Southern Medical Association with presentation of bouquet to Miss Grace King. 1924 Dec.
Notes: Not in print; Jane Gray Rogers Biblio.
20. Address at the dinner given by the Touro Infirmary to inaugurate the new radiological plant, April 27, 1927. Times Picayune. New Orleans; 1926 Apr 28.
Notes: Jane Gray Rogers Biblio
21. Address at the Farewell Dinner to retiring internes of the Touro Infirmary, on Saturday, June 20, 1925. New Orleans Medical & Surgical Journal. 1926 Apr; 78(10):684-690.
22. Address before Interurban Medical Club at Charity Hospital, New Orleans on cardiovascular effects of arteriovenous aneurism. 1925.
Notes: Not in print; Jane Gray Rogers Biblio.
23. Address : Citations read by request of the President of Tulane University at the commencement. Honorary degree LL.D. conferred on Drs. Parham and Bickham. 1925 Jun 10.
Notes: Not in print; Jane Gray Rogers Biblio.
24. Address : Contributions of Louisiana to the Surgery of the Blood Vessels. New Orleans; 1935.
Notes: Address at the Centennial Celebration of the Foundation of the Medical School of Tulane University Hutchinson Memorial, June 12, 1935 (Medical Library has typed manuscript?)
25. Address : Dr. Matas Luncheon Address in honor of opening of U.S. Naval Hospital on Lake Pontchartrain held at Charity Hospital, April 15, 1943.
Notes: (Medical Library has typed manuscript?)
26. Address in acceptance of the insignia of the Distinguished Order of Leopold at the Belgian consulate in New Orleans. 1939 Feb 20.
27. Address in behalf of the medical faculty of Tulane University, presenting a Bronze bust of Dr. Chaille. New Orleans Medical & Surgical Journal. 1912 Jul; 65:61-67.
28. Address : Introductory remarks at the opening session of the Congress of Medicine of Madrid as delegate from the Tulane University of Louisiana and representative of the American College of Surgeons. 1927 Oct.
Notes: Not in print; Jane Gray Rogers Biblio.

29. Address : Ivy Day address, Tulane Campus. 1922 Jun 8.
Notes: Not in print; Jane Gray Rogers Biblio.
30. Address : Medical bibliography and books of reference of importance to medical students in library reading. Address by invitation before the Isadore Dyer Medical Forum, Tulane University. 1921 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
31. Address : Memorial address on Dr. Arthur W. de Roaldes at Metairie Cemetary by invitation of the League of Peace and Freedom. 1925 Nov 11.
Notes: Not in print; Jane Gray Rogers Biblio.
32. Address : Memorial in honor of W.S. Halsted, American Association for Thoracic Surgery. 1924 Jun 5.
Notes: Not in print; Jane Gray Rogers Biblio.
33. Address : Memorial on Dr.Edmond Souchon for the American Surgical Association. 1925.
Notes: Not in print; Jane Gray Rogers Biblio.
34. Address : Memorial on Dr. S.M.D. Clark on behalf of the Medical Faculty, Tulane University. 1925.
Notes: Not in print; Jane Gray Rogers Biblio.
35. Address : Memorial on Professor Edmond Souchon on behalf of the Faculty of the School of Medicine. 1924.
Notes: Not in print; Jane Gray Rogers Biblio.
36. Address : Memorial presented to Mrs. A. B. Tipping. 1922.
Notes: Not in print; Jane Gray Rogers Biblio.
37. Address : Message to Beta Iota Chapter (Tulane) of Nu Sigma Nu. 1919 May 10.
38. Address : Nomination of Drs. Frederick W. Parham and Warren Stone Bickham for honorary LL.D. degree at meeting of the executive faculty with citations in support of these nominations, unanimously adopted by the Faculty, School of Medicine. 1925 May 12.
Notes: Not in print; Jane Gray Rogers Biblio.
39. Address : Oath of Hippocrates in the light of history. Remarks on the purpose, function and value of medical student organizations, past and present. Talk to Beta Iota Chapter, Nu Sigma Nu. 1924 Feb 20.
Notes: Not in print; Jane Gray Rogers Biblio.
40. Address of the President of the Louisiana State Medical Society at special meeting, July 31, 1894, called to elect members of the first board of medical examiners in Louisiana, created by an act known as Senate Bill number 90. Transactions of the Louisiana State Medical Society. 1894; Appendix C:441-449.
41. Address of welcome on behalf of Tulane University Medical Department to the National Confederation of State Examining and Licensing Bodies, 13th Annual Meeting, New Orleans, La., May 4, 1902. Transactions of the National Confederate State Medical Examiners Licensing Bodies. 1903:1-9.
Notes: Jane Gray Rogers Biblio.
42. Address on the Pioneers in the Transilluminations of the Living Vascular System for Clinical Purposes ; With special reference to the Achievements of the Portuguese School of Vasoradiographers.
Notes: Matas - His Chronologic Bibliography...
43. Address on the Surgical treatment of amebic abscess of the liver. Contributions to a discussion on Amebiasis, American Society of Tropical Medicine. New Orleans; 1911 May.
Notes: Not in print; Jane Gray Rogers Biblio.

44. Address : Opening address at Hospital Conference Clinical Congress, American College of Surgeons, Montreal. 1926 Oct 25.
Notes: Not in print; Jane Gray Rogers Biblio.
45. Address : Opening address, Surgical Division, Touro Infirmary, on importance of Staff Conferences in Hospital Organization. 1925 Jun 10.
Notes: Not in print; Jane Gray Rogers Biblio.
46. Address : Reception by Louisiana Historical Society to the Southern Medical Association, 1924. Louisiana Historical Quarterly. 1925; 8(3):449-453.
47. Address : Remarks at Phi Chi smoker on the night of December 16, 1916. 1916.
Notes: Not in print; Jane Gray Rogers Biblio.
48. Address : Speech of acceptance upon presentation of oil portrait by class of 1926. Ivy Day. 1926 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
49. Address : Speech to students, medical school, Tulane at opening of session, 1924-25. 1924 Sep.
Notes: Not in print; Jane Gray Rogers Biblio.
50. Address : Speech upon the occasion of the C.E. Kells honor meeting Hutchinson Memorial. 1927 Jan 19.
Notes: Not in print; Jane Gray Rogers Biblio.
51. Address : The Schmidt ovation at the Charity Hospital ; a worthy testimonial presented to the distinguished pathologists, September 1, 1884. New Orleans Medical & Surgical Journal. 1884; 12:326-333.
52. Address to Stars and Bars, Tulane University, December 17, 1922 : Introducing speakers and the new members. Tulane Hullabaloo. 1922 Dec 22.
Notes: Jane Gray Rogers Biblio.
53. Address to the graduating class of the Medical Department accepting the presentation of portrait. New Orleans Picayune. New Orleans; 1899 (April 30).
Notes: Matas - His Bibliography
54. Address : Tribute from Louisiana to the Surgeons of France and to their heroism during the great war. Address at banquet. Assn. France de Chir.: Paris; 1922 Oct.
Notes: Not in print; Jane Gray Rogers Biblio.
55. Address : William Stewart Halsted ; memorial address by invitation of President Goodnow and Dr. Finney at Civil Engineering Bldg., Johns Hopkins University. 1923 Dec 15.
Notes: Not in print; Jane Gray Rogers Biblio.
56. An adjustable metallic interdental splint for the treatment of fracture of the lower jaw with report of cases in which it has been applied by the author. Annals of Surgery. 1905 Jan; 41(1):1-19.
Notes: LIBRARY HAS: Annals of Surgery; Reprint 19 p.; Dr. Matas Bound Reprints v.4 of 4
57. Aids to conservation in determining the line of amputation after crushing and other mutilating injuries of the limbs. Railway Surgical Journal. 1910 Dec; 17(4):131-145.
58. Ainhum. New Orleans Medical & Surgical Journal. 1889; 16:603.
59. Albert Mayer, M.D. memorial address. Touro Infirmary Chapel; 1911 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.

60. Amputation of a finger with its metacarpal for epithelioma by neuro-regional infiltration anesthesia. *New Orleans Medical & Surgical Journal*. 1901; 53(7):415-417.
61. Aneurysm of the abdominal aorta at its bifurcation into the common iliac arteries : A pictorial supplement illustrating the history of Corinne D., previously reported as the first recorded instance of cure of an aneurysm of the abdominal aorta by ligation. *Annals of Surgery*. 1940 Nov; 112(5):909-922.
62. Aneurysms of the circle of Willis : a discussion of Dr. Dandy's intracranial occlusion of the internal carotid for aneurysms of the circle of Willis, with supplementary remarks. *Annals of Surgery*. 1938 May; 107(5):660-680.
63. Angiomata. In. *Cyclopedia of Medical Sciences*; 1911; 2 pp. 502-546. (Sajous, C. E.
Notes: Matas - His Bibliography; *New Orleans Medical & Surgical Journal* 80:504-514
64. The Angiomata. In. *Annual and Analytical Cyclopedia of Practical Medicine*; 1916; 2 pp. 502-546. (Sajous, C. E. Tumors of Blood Vessels.
Notes: Matas - His Bibliography, *New Orleans Medical & Surgical Journal* 80:504-514
65. An apparatus for massive infiltration anesthesia with weak, analgesic solutions (modified Schleich method). *Transactions of the American Surgical Association*. 1901; 19:412-416.
Notes: *American Medicine*, 1901 2(26):1027-1028, (Title; Massive infiltration...); reprint *New Orleans [author]*, 1902
66. Arterial varix (cirroid aneurism) of the right common carotid extending from origin to a point one inch from bifurcation. Double ligature of the common carotid ; one below bifurcation of the carotid and one over the dilated trunk itself. Recovery with aseptic healing of wound and apparent improvement in aneurismal condition. *New Orleans Medical & Surgical Journal*. 1894; 22:242-245.
Notes: Also in *Transactions of the Louisiana State Medical Society*, 1894 15:287-290
67. Arterial varix of the lower lip, involving the coronary arteries : extirpation under cocain anesthesia. *Medical News*. 1897; 71(August):207-208.
68. Arteriovenous fistula of the femoral vessels (aneurysmal varix) on a level with the origin of the profunda : War injury of two years' duration. Dissection and mobilization of the femoral vessels with division and detachment of the anastomosis followed by separated lateral suture of the artery and vein, with perfect functional restoration of the circulation. Details of Technic and commentaries. *Surgical Clinics of North America*. 1922; 2(5):1165-1188.
69. Artificial respiration by direct intralaryngeal intubation with a modified O'Dwyer Tube and a new Graduated Air-pump, in its applications to medical and surgical practice. *American Medicine*. 1902; 3(3, January 8):97-103.
Notes: Also in *Transactions of the American Surgical Association* 1901 19:392-411; Reprint *New Orleans, Chez L'Auteur*, 1902, 23 p.
70. Beriberi (Extract from papers read before Orleans Parish Medical Society). *New Orleans Medical & Surgical Journal*. 1883; 10:561-573.
71. Bickham's Operative Surgery. *New Orleans Medical & Surgical Journal*. 1924; 77:205-206.
Notes: Matas - His Bibliography; Editorial
72. Biographic annotations appended to the pictorial gallery of the editors and builders of *New Orleans Medical & Surgical Journal*... *New Orleans Medical & Surgical Journal*. 1944; 96:519-522.

73. The Biographic chronology of the past presidents of the Louisiana State Medical Society : with a brief summary of the meetings and activities of the past presidents' advisory body. *New Orleans Medical & Surgical Journal*. 1939; 91(10):521-524.
74. Biographic notices. Marcus Feingold, July 17, 1871-Dec. 26, 1925 : prepared and read by request of the faculty, School of Medicine, Tulane University at the executive meeting, February 9, 1926. *American Journal of Ophthalmology*. 1926; 9:467-469.
75. Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary : 12 Case reports. *New Orleans Medical & Surgical Journal*. 1914; 66:738-743.
Notes: Matas - His Chronologic Bibliography...; SEE Traumatic arterio-venous..., Stab wound..., Typical Jacksonian epilepsy..., Acute hemorrhagic pancreatitis, Carcinoma of..., Dislocation of head..., Partial gigantism..., Thrombotic occlusion..., Excision of upper jaw..., Specimen of anterior..., Specimen of carcinoma..., Radiograph showing outlines...
76. Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary : A Large radiograph of an enormously dilated esophagus. *New Orleans Medical & Surgical Journal*. 1915; 67:707-709.
77. Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary : Large hair balls. *New Orleans Medical & Surgical Journal*. 1915; 67:707-709.
Notes: Matas - His Bibliography
78. Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary Meeting, Wednesday, February 14, 1914. *New Orleans Medical & Surgical Journal*. 1914; 66(10):738-743.
Notes: 12 topics of discussion
79. The campaign against yellow fever and the victory of sanitary science : Guided by experimental medicine in New Orleans. *Louisiana Historical Quarterly*. 1925 Jul:449-473.
80. Carcinoma of pancreas cholecysto-duodenostomy. *New Orleans Medical & Surgical Journal*. 1914; 66:740-741.
Notes: SEE Main Title: Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary
81. Cardiospasm causing an enormous dilatation of the esophagus and a curious symptom complex, completely relieved by hydrostatic (retrograde) dilatation with an improvised Plummer's apparatus. *New Orleans Medical & Surgical Journal*. 1915; 68:215-223.
Notes: Also in Transactions of the Mississippi State Medical Society (A stereopticon clinic..., 1915, p.64-88)
82. Care of yellow fever patients : Circular of information addressed to the Medical Profession for distribution among trained nurses and others entrusted with the care of yellow fever patients. (Issued for free distribution by the Orleans Parish Medical Society and the United States Marine Hospital Service during the epidemic in New Orleans, 1905). *New Orleans*; 1905.
Notes: Also in Proceedings of the Orleans Parish Medical Society, 1905 August 12; Jane Gray Rogers Biblio.
83. Case of aneurism of the coronary artery of the lower lip resulting from the use of a wind musical instrument, with treatment. *Proceedings of the Orleans Parish Medical Society*. 1897(July):95-97.
84. A Case of cirroid aneurism with pulsating exophthalmus of traumatic origin. *New Orleans Medical & Surgical Journal*. 1908; 61:469.
Notes: Also *New Orleans Medical & Surgical Journal* 1909 61:742-743
85. A case of puerperal inversion of the uterus of six weeks' standing completely reduced in one night by the colpeurynter : With remarks. *New Orleans Medical & Surgical Journal*. 1903;

56(November):361-369.

Notes: Also in Proceedings of the Orleans Parish Medical Society 1903 December, 224-232

86. A case of suspected embolism of the pulmonary artery, with remarks. *New Orleans Medical & Surgical Journal*. 1882; 9, June:920-32.
87. Casues et mecanisme de l'embolie post-operative. *Bruxelles-Medical*. 1929 Sep; 9(pt.2):1253.
Notes: [Fr. version VII Congres de la Societe International de Chirurgie] The cause and mechanism of post operative embolism; *Rapports presente a la Societe internationale de chirurgie* 1929 1:137-144; 1929 2:366-372
88. Catheterization of the common duct as a practical and effective upper route for enterocylsis medication in toxic biliary cases (M'Arthur's procedure). *Surgery, Gynecology & Obstetrics With International Abstract of Surgery*. 1911; 12(1):185-186.
89. The Cause and Mechanism of postoperative embolism. Report presented at the Eighth International Congress of Surgery, Warsaw, July 1929. *Rapport*. 1:137-144.
Notes: Matas - His Chronological Bibliography...
90. Chairman of the Health and Quarantine Committee of the House of Representatives. *Times-Democrat*. 1894.
91. Character above intellect : a message to Beta Iota Chapter of Nu Sigma Nu in the Tulane University School of Medicine, delivered at the Annual banquet at the Louisiana Restaurant. 1932 Oct 1.
92. The cinematograph as an aid to medical education and research ; a lecture illustrated by moving pictures of ultramicroscopic life in the blood and tissues, and of surgical operations. *Transactions of the Southern Surgical & Gynecological Association*. 1912; 24:1-27.
Notes: Also in *New York Medical Journal* 1912 96:409-414, 483-488; *Southern Medical Journal* 1912 5:511-527; *Physicians & Surgeons* 1912 34:455-473
93. Clinical Memoranda from Charity Hospital. *New Orleans Medical & Surgical Journal*. 1888; 16:192-199.
Notes: Three different subjects discussed
94. A Clinical report on intravenous saline infusion in the wards of the New Orleans Charity Hospital from June, 1888 to June, 1891. *New Orleans Medical & Surgical Journal*. 1891; 19(pt.1, pt.2):1-32, 81-93.
Notes: Also reprint *New Orleans, L. Graham & Son*, 1891, 44p. and *Transactions of the Louisiana State Medical Society*, 1891 12: 55-105
95. Clinical reports of cases presenting features of unusual surgical interest. *New Orleans Medical & Surgical Journal*. 1915 Oct-1915 Nov 30; 68(4-5).
96. Clinical Society of the Touro Infirmary Staff. *New Orleans Medical & Surgical Journal*. 1908; 60:834-842.
97. Clinical Society of the Touro Infirmary Staff : Report of a case of extrauterine intraperitoneal pregnancy on a level with the stump of the right uterine cornu, two years after extirpation of the corresponding right ovary and Fallopian tube for a strangulated ovarian cyst caused by a twisting of pedicle. *New Orleans Medical & Surgical Journal*. 1908; 60:839-840.
Notes: Matas - His Bibliography; Touro Clinical Society
98. Complicacion rar en el curso post-operatorio de una mostoiditis. *Revista Medica Espanola y Boletin De Higiene y Saliebreatat*. 1914; 15:269-271.
99. Compound fracture of tibia and fibula. Wiring of broken fragments. Antiseptic immovable dressing. Recovery. *New Orleans Medical & Surgical Journal*. 1888; 16:197-199.

100. Congenital arteriovenous angioma of the arm. Metastases eleven years after amputation. *Annals of Surgery*. 1940 Jun; 111(6):1021-1045.
101. Congenitally imperforate rectum, with a well-formed anus, in an infant at term ; restoration of the anal outlet (proctoplasty) after Kraske's operation. Convalescence complicated by whooping-cough and proclivitas of the rectum necessitating excision. Recovery with partial control of bowel. *New Orleans Medical & Surgical Journal*. 1897; 50(July):8-17.
102. *Congres de Bruxelles : a l'occasion du Congres de Bruxelles, le Roi a daigne nommer le professeur R. Matas, president, Officier de l'Ordre de Leopold. Le Consul de Belgique a New Orleans au cours d'une brillante reception, a remis cet insigne a notre distinguee collegue qui ... Journal International De Chirurgie*. 1939; 4(3).
103. The continued intravenous "drip" with remarks on the value of continued gastric drainage and irrigation by nasal intubation with a gastroduodenal tube (jutte) in surgical practice. *Annals of Surgery*. 1924 May; 79(5):643-661.
Notes: Also in *Transactions of the American Surgical Association* 1923 41:468-492
104. A Contribution to the Casuistics of the cirroid aneurisms of the face and scalp : with special reference to their surgical treatment, as illustrated in the report of a post-traumatic case which involved the parotid, temporal and cranial regions. *Revista De Medicina y Cirugia De La Habana*. 1935 Nov; 40(40th Anniv.):869-884.
Notes: Matas - His Chronological Contributions...
105. A Contribution to the Caustics of the cirroid aneurisms of the face and sclap. *Revista De Medicina y Cirugia De La Habana*. 1935; Ano.XI(40)(11, November 30, 1935):869-884.
Notes: Matas - His Chronological Contributions...
106. Contusion of skull without appreciable fracture; symptoms point to pressure on excito-motor region of cortex; trephining; negative results of exploration excepting some evidence of subdural or meningeal hemorrhages recovery. *New Orleans Medical & Surgical Journal*. 1889; 16:496-500.
107. Contusion of the upper lip in an infant 9 months old. Laceration of the fraenum labii; hemophilia, bleeding. Failure of hemostatics and suture. Arrest of hemorrhage by direct elastic compression. *New Orleans Medical & Surgical Journal*. 1894; 22:251-252.
Notes: Also in *Transactions of the Louisiana State Medical Society*, 1894 15:297-299
108. Correspondence : Additional new aids in anastomosis ; Robinson's "Ox hide" and "Segmented Rubber Plates". *New Orleans Medical & Surgical Journal*. 1890; 17(3, September):216-219.
109. Correspondence : Arterio-venous aneurysms of the subclavian vessels ; An addendum. *Journal of the American Medical Association*. 1902; 38(9):597-598.
Notes: Letter to editor
110. Correspondence. Commentary : Glimpses of vascular surgery on the coral reefs of the southwestern pacific by Commander Emile Holman. *American Journal of Surgery*. 1946; 71:301-302.
111. Correspondence : Letter of thanks to the editor of the *New Orleans Medical and Surgical Journal* for devoting part of the editorial column to Matas on his election to the Presidency of the American College of Surgeons. *New Orleans Medical & Surgical Journal*. 1925; 77:448.
112. Correspondence : Palman qui meruit ferat ; On autotransfusions. *New Orleans Medical & Surgical Journal*. 1931 Jul; 84(1):69-71.

Notes: Proceedings of the 26th Annual Convention of the National League of Nursing Education and the American Nurses Association, New Orleans April 27-May 3, 1916
123. Discours prononce par le Docteur Rodolphne Matas : En recevant la Croix de la Legion d'Honneur, au banquet de l'Armistice des Veterans Francais de la Nouvelle-Orleans. 1932 Nov.
124. Discussion : A Case of hysterical hemorrhage of obscure origin. New Orleans Medical & Surgical Journal. 1908; 60:834-836.
125. Discussion : A Simplified apparatus for pressure-suction therapy obliterative arterial disease of the extremities by Dr. Fred H. Krock. Southern Medical Journal. 1938; 31(3, March):297-299.
Notes: Transactions of the Surgical Section of the Southern Medical Association; Matas - His Chronologic Bibliography...
126. Discussion : Abdomino-Thoracic Gunshot Injuries by Dr. Frank L. Loria. New Orleans Medical & Surgical Journal. 1942 Sep; 95(3):111-114.
127. Discussion : Acute osteomyelitis by Dr. I. Cohn. New Orleans Medical & Surgical Journal. 1922; 74:513-516.
128. Discussion : An anatomical explanation of many of the cases of low back-ache and sciatic pain by J.T. O'Ferrall. New Orleans Medical & Surgical Journal. 1915; 67:616.
129. Discussion and Personal statistics and conclusions : Aneurysms in the cervial portion of the Internal Carotid Artery by Drs. A.M. Shipley, N. Winslow and W.W. Walker. Transactions of the Southern Surgical Association. 1936; 49:58-59.
Notes: Matas - His Chronologic Bibliography...

130. Discussion : Aneurism of the palmar arches by Dr. Lyle. Transactions of the American Surgical Association. 1924; 42:677-679.
Notes: Matas - His Bibliography
131. Discussion : Aneurysm of the abdominal aorta ; treatment by ligation by D.C. Elkin. Annals of Surgery. 1940 Nov; 112(5):907-908.
132. Discussion : Aneurysm of the temporal artery ; an analysis of the cases reported in the literature to June 1, 1934 and report of a case of traumatic origin by Dr. N. Winslow & M. Edwards. Transactions of the Southern Surgical Association. 1935; 47:506-508.
Notes: Also in the American Journal of Surgery 1935 28:700-702
133. Discussion : Angioma and lymphangioma treated by author's method of adrenalin novovain ischemia on the sponge scrub by Dr. Reder. Transactions of the Surgical Section of the American Medical Association. 1920(April).
Notes: Matas - His Bibliography
134. Discussion : Benign bone cysts, Otitis fibrosa, giant-cell sarcoma and bone aneurysm of the long pipe bones : Bone aneurysms by Dr. J.C. Bloodgood. Transactions of the American Surgical Association. 1910; 28:187.
135. Discussion : Bone Tumors by Dr. F.W. Parham. New Orleans Medical & Surgical Journal. 1924; 76:430-431.
Notes: Matas - His Bibliography
136. Discussion : Carcinoma limited to the appendix vermiformis ; discussion of its origin and its relation to appendicitis by R.H. Harte & R.N. Willson. Transactions of the American Surgical Association. 1902; 20:258.
137. Discussion : Case of large false aneurysm of the right subclavian artery successfully treated by a modification of the Matas Operation by W.D. Gatch. Annals of Surgery. 1940 Jun; 111(6):1055.
138. Discussion : Cirroid aneurysm of the scalp. Abstract of an illustrated report of a recent operation for the radical cure of a traumatic arteriovenous aneurysm (cirroid) involving the left half of scalp and left parotid region. Four years` duration in a patient age 24. Recovery with cure of the aneurysm. Southern Medical Journal. 1933; 26:820-826.
Notes: Matas - His Chronologic Bibliography...; Proceedings of the Southern Medical Association Surgical Section meeting held at Birmingham, Ala., November 15-18, 1933
139. Discussion : Continuous drip blood transfusion (Marriott) ; indications for its use with report of cases by D.N. Silverman. New Orleans Medical & Surgical Journal. 1937 Apr; 89(10):548-550.
140. Discussion : Coronary occlusion simulating an acute abdominal emergency by J.M.T. Finney, Jr. & C.F. Mohr. Transactions of the Southern Surgical Association. 1935; 47:450-453.
Notes: Also in the American Journal of Surgery 1935 28:644-647
141. Discussion : Diagnosis and treatment of Peripheral Diseases by Dr. J.M. Mason. American Journal of Surgery. 1932; 20:532-539.
Notes: Matas - His Chronologic Bibliography...; Paper at the Miami meeting of the Southern Surgical Association December 13-15, 1932
142. Discussion : Dr. I. Cohn's case (Ovarian cyst). New Orleans Medical & Surgical Journal. 1908; 60:839.
143. Discussion : Endoaneurysmorrhaphy by Dr. J.H. Gibban & Dr. C.A. Porter. Transactions of the American Surgical Association. 1924; 42:591-602;625-637.
Notes: Discussion by Dr. Matas is unpublished

144. Discussion : Erysipelas ; its treatment by Dr. R.J. Mainegra (Experience with Guaiacol). Proceedings of the Orleans Parish Medical Society. 1902(February 22):26-27.
145. Discussion : Experiences with the Trendelenburg Operation for pulmonary embolism by Professor Gynar Nystrom. Annals of Surgery. 1930; 92(May 7):528-530.
146. Discussion : Experimental studies on the gradual occlusion of large arteries by H.E. Pearse. Annals of Surgery. 1940 Nov; 112(5):934-937.
147. Discussion : Gunshot Wounds of the Abdomen, statistics from Charity Hospital 1906-1913 and report of two cases operated on by L.B. Crawford. New Orleans Medical & Surgical Journal. 1914; 67:6-8.
148. Discussion : Head injuries marked by intracranial tension by Dr. F.W. Parham. New Orleans Medical & Surgical Journal. 1926; 79:387-388.
Notes: Matas - His Bibliography
149. Discussion : Impending ischemic gangrene ; new non-surgical therapeutic suggestion by R.A. Katz, M.D. New Orleans Medical & Surgical Journal. 1946; 98(12):552-554.
150. Discussion : Interstitial ectopic pregnancy by C.R. Roberio, M.D. Transactions of the Southern Surgical & Gynecological Association. 1911; 24:513-515.
Notes: No reprint
151. Discussion (Ischemia and Sponge Scrub) : Hemangioma and Lymphangioma by Dr. Reder of St. Louis. Transactions of the Section on Surgery General and Abdominal of the American Medical Association. 1920.
Notes: Matas - His Chronologic Bibliography...
152. Discussion : Leprosy treated with anthrax serum by Dr. J.N. Roussel. New Orleans Medical & Surgical Journal. 1921; 73:541-547.
Notes: Matas - His Bibliography; Proceedings of the Touro Staff
153. Discussion : Lymphatic edema, elephantiasis, observations and remarks, with report of operations by Albert Vander Veer, M.D. Transactions of the Southern Surgical & Gynecological Association. 1912; 24:426-428.
Notes: No reprint
154. Discussion : of a paper "A case of Hysterical Hemorrhage of obscure origin" by Dr. S.K. Simon. Touro Clinical Society. 1908 Jan 8; 60(834-836).
155. Discussion of Dr. Mixer's case of operative strangulated hernia. Transactions of the American Surgical Association. 1900; 18:255-256.
Notes: Matas - His Bibliography
156. Discussion of papers of Drs. Biggs and Seelig. Transactions of the Southern Surgical Association. 1919; 32:99-100.
157. Discussion of the paper by Drs. Marcy & Finney. Transactions of the Southern Surgical & Gynecologic Association. 1913; 26:507-511.
158. Discussion : Omentopexy by M.H. Richardson. Transactions of the Southern Surgical & Gynecological Association. 1910; 23:237-238.
159. Discussion : On Momburg's method of artificial anemia by suprapeloie by A.G. Gerster. Transactions of the American Surgical Association. 1910; 28:622-623.

160. Discussion on Papers of Drs. Elkin and Campbell ; Dr. Matas and Dr. Gage. Transactions of the Southern Surgical Association. 1934; 46:498-504.
Notes: Also in American Journal of Surgery 1934 24(June):692-698
161. Discussion on the papers of Drs. Kerchner and Finney. Transactions of the Southern Surgical & Gynecological Association. 1911; 24:274-277.
Notes: No reprint
162. Discussion on the papers of Drs. Lyle, Gibbons, Matas, Rankin, Charles A. Porter, Brooks, Holman Elkin and Cushing. Transactions of the American Surgical Association. 1924; 42:677-679.
163. Discussion on the papers of Surgery of the colon by Drs. Deaver, Peck, Judd, Miller, & Eliot. Transactions of the American Surgical Association. 1924; 42:113-114.
164. Discussion : On the treatment of carotid cavernous arteriovenous aneurysms by Dr. W.E. Dandy. Transactions of the American Surgical Association. 1935; 53:432-436.
Notes: Also in Annals of Surgery, 1935 102:920-924; Matas - His Chronologic Bibliography...
165. Discussion on Vascular surgery with special reference to the surgery of the carotid tracts: The use of special compressors and aluminum bands. Transactions of the Southern Surgical Association. 1933; 46:498-504.
Notes: Matas - His Chronologic Bibliography...
166. Discussion : Painless hypodermoclysis by W. Barlett, M.D. Transactions of the Southern Surgical Association. 1919; 32:68-72.
167. Discussion : Penetrating wounds of abdomen ; and analysis of forty-six personal cases by A.H. Storck. Annals of Surgery. 1940 May; 111(815-818).
168. Discussion : Personal experience in the operative treatment of stone in the bladder by W.T. Briggs. Transactions of the Southern Surgical & Gynecological Association. 1893; 6:237.
169. Discussion : Primary sarcoma of the intestines by Dr. Frank L. Loria. New Orleans Medical & Surgical Journal. 1925; 78(4):206-208.
170. Discussion : Recent diagnostic and therapeutic advances in peripheral circulatory disease by Dr. J. Ross Veal. New Orleans Medical & Surgical Journal. 1936; 88(May):687-689.
Notes: In this connection see editorial, New Orleans Medical & Surgical Journal, 1934 87(October)245-247; Matas - His Chronologic Bibliography...
171. Discussion : Rectal pathology in the negro. Incidence and peculiarities by Dr. Curtis Rosser. Journal of the American Medical Association. 1925; 84:96-97.
Notes: Check copy 2 on microfilm
172. Discussion : Remarks on opening the discussion on "My experience with the Matas operation of endoaneurysmorrhaphy" by Gessner, H. B., Dr. New Orleans Medical & Surgical Journal. 1915 Jan; 67(7):603-607.
Notes: A paper read at the meeting of the Orleans Parish Medical Society October 26, 1914
173. Discussion : Remarks on some Controverted Questions in the Treatment of fracture. Transactions of the Louisiana State Medical Society. 1901; 22:309-334.
174. Discussion : Resection of upper jaws for osteochondromyxosarcoma, with osteoplastic formation of new hard palate by S.J. Mixter. Transactions of the American Surgical Association. 1904; 22:230-231.

175. Discussion : Scalenus anticus (Naffziger) syndrome by Drs. A. Ochsner, M. Gage & M. DeBakey. Transactions of the Southern Surgical Association. 1935; 47:500-501.
Notes: Also in American Journal of Surgery 1935 28:694-695
176. Discussion : Some experiences in the surgical treatment of chronic valvular diseases of the heart by Dr. E.C. Cutler. Transactions of the American Surgical Association. 1924; 42:178-179.
177. Discussion : Some observation on quinin as a local anesthetic by C.W. Allen. New Orleans Medical & Surgical Journal. 1910 Nov; 63(5):348-354.
Notes: Also in Proceedings of the Orleans Parish Medical Society, 1910 63:348-354
178. Discussion : Strangulated hernia through a traumatic rupture of the diaphragm . Lapardomy: Recovery by E.W. Walker, M.D. Transactions of the American Surgical Association. 1900; 18:255-256.
179. Discussion : Suppurative Pericarditis by Doctor Bunch; Coronary occlusion simulating an acute abdominal emergency by Drs. Finney, Jr. and Mohr. American Journal of Surgery. 1935; 28:644-647.
Notes: Matas - His Chronologic Bibliography...
180. Discussion : Teaching of surgery by Dr. A.L. Burrell. Transactions of the American Surgical Association. 1902; 20:113-116.
181. Discussion : The delayed closure of contaminated wounds by F.A. Collier & W.L. Valk. Annals of Surgery. 1940 Aug; 112(2):267-270.
182. Discussion : The Diagnosis and treatment of perforating gastric ulcer by Dr. J.L. Wilson. New Orleans Medical & Surgical Journal. 1922; 74:478.
183. Discussion : The Incidence and clinical manifestations of lymphogranuloma inguinale in New Orleans by E. Von Hamm and L. Lichtenstein. New Orleans Medical & Surgical Journal. 1935; 88(2):101-102.
184. Discussion : The injection of the Gasserian ganglion for neuralgia and other conditions by C.W. Allen, M.D. Transactions of the Southern Surgical Association. 1919; 32:39-43.
185. Discussion : The mechanism and clinic of pulmonary embolism by W. Bartlett, M.D. & R.L. Thompson, M.D. Transactions of the Southern Surgical & Gynecological Association. 1907; 20:373-376.
186. Discussion : The Prevention of ischemic gangrene following surgical operations upon the major peripheral arteries by chemical sections of the cervicodorsal and lumbar sympathetics by M. Gage & A. Ochsner. Annals of Surgery. 1940 Nov; 112(5):957-959.
187. Discussion : The sedimentation rate of erythrocytes ; brief history and discussion of theories, applications on gynecology. New Orleans Medical & Surgical Journal. 1932 Dec; 85(6):411-413.
188. Discussion : The Treatment of carcinoma of the cervix at Charity Hospital : analysis of 716 cases three-year and five-year end results by Garcia, M. and Schlosser, J.V. New Orleans Medical & Surgical Journal. 1946 Jan; 98(7):320-323.
189. Discussion : Treatment of aortic aneurism by means of silver wire and electricity by Dr. L. Freeman. Transactions of the American Surgical Association. 1901; 19:374-375.
190. Discussion : Treatment of some vascular disturbances of the extremities by Dr. I. Cohn. New Orleans Medical & Surgical Journal. 1935 Aug; 88(e2):79-81.
191. Discussion : Treatment of uterine fibroids and bleeding cases, with particular reference to radiation methods by Curtis F. Burnam, M.D. New Orleans Medical & Surgical Journal. 1927; 79(7):482-483.

192. Discussion : X-ray lesions and their surgical treatment by C.A. Porter and S.B. Wolbach. Transactions of the American Surgical Association. 1923; 41:462-467.
Notes: Also in American Journal of Roentgenology & Radium Therapy, 1925 13(5):37-40
193. Dislocation of head of femur into obturator foramen, with neuropathic symptoms and other complications. New Orleans Medical & Surgical Journal. 1914; 66:741.
Notes: SEE Main Title: Bulletin of the Clinical Society of the Medical Staff of the Touro Infirmary
194. Doctors Honor Three of South's Great Figures. Times-Picayune. New Orleans; 1924; 1-B: 1 (col.7).
Notes: Tribute to Professor Stanford E. Chaille, address at Tulane alumni banquet November 26, 1924: Jane Gray Rogers Biblio.
195. Dr. Charles C. Bass, Dean - An appreciation. New Orleans Medical & Surgical Journal. 1940 Apr; 92(10):545-550.
Notes: Also in Mississippi Doctor 1943 21:79-83
196. Dr. Edmond Souchon. Obituary. Transactions of the American Surgical Association. 1925; 43:965-978.
Notes: Matas - His Bibliography

260. The Jerome Cochran Lecture : Some of the unfamiliar, atypical forms and controverted phases of tuberculosis which have been revealed in their true etiologic light by recent investigations. *Southern Medical Journal*. 1911 Sep; 4(8):589-599; 680-687.
Notes: Also in *Transactions of the Medical Association Monthly Alabama* 1911 496-528
261. Large cavernous angioma, involving the integument of an entire auricle successfully treated by dissection, free resection of diseased tissue, and ligation of the afferent trunks in situ by a special method. *Medical News*. 1892; 61(26, December 24):701-705.
Notes: Also reprint Philadelphia, 1892, 17 p.
262. Large cavernous angioma of nevoid origin, involving palm of hand; the who thenar region, entire thumb, index and part of medius, involved in the tumor. Attempt at conservatism by resection of diseased soft parts, leaving a purely tegumentary flap. Ligation of radial artery in first inter-space with other digital branches. Sloughing of all diseased area, with great and nearly fatal shock; secondary amputation of all but the fourth and fifth fingers and metacarpals. The remnants of the medius utilized to fill the gas casue by the loss of the index and its metacarpal. *New Orleans Medical & Surgical Journal*. 1894; 22:258-262.
Notes: Also in *Transactions of the Louisiana State Medical Society*, 1894 15:305-311
263. Large perineural fibroma involving the entire sciatic nerve-sheath and deep femoro-popliteal fascia ; extirpation of the tumor and politeal vessels, recovery, with loss of toes and heel covering, from sloughing. *Medical News*. 1899; 75(December 9):754-758.
Notes: Also in *Transactions of the American Surgical Association* 1889 17:290-296
264. Large retroperitoneal cyst attached to the vermiformis appendix. *Transactions of the Southern Surgical & Gynecological Association*. 1914; 26:355-356.
Notes: Also in the *Journal of the American Medical Association* 1914 62(4):328, [Abstract, Title: Cyst...]
265. A Large spontaneous (atheromatous) aneurism of the right common carotid involving the bifurcation and trunk, to a point two inches above the origin of the artery, in an old alcoholic subject. Ligation of artery... *New Orleans Medical & Surgical Journal*. 1894; 22:241-242.
Notes: Also in *Transaction of the Louisiana State Medical Society*, 1894 15:286-287
266. Larva taken from epidermis of two patients. *Insect Life*. 1889; 1:76.
Notes: Jane Gray Rogers Biblio.
267. Lecture : Advantages and disadvantages of the various local anesthetics in nose and throat practice. Discussion by invitation before Section on Laryngology meeting of A.M.A. New Orleans; 1920 Apr 30.
Notes: Not in print; Jane Gray Rogers Biblio.
268. Lecture : Aneurysms of the heart. Touro Clinical Society; 1916 Jan.
Notes: Not in print; Jane Gray Biblio.
269. Lecture : Branham syndrome in arteriovenous aneurisms. An example of the inseparable relation of scientific medicine and modern surgery. Paper read at Scientific Sectional meeting American College of Surgeons for Ala., Miss., Geo., Fla., & La. Moblie, Ala.; 1925 Feb 13-1925 Feb 14.
Notes: Not in print; Jane Gray Rogers Biblio.
270. Lecture by invitation on the radical cure of aneurism illustrated by moving pictures in the assembly hall of the University of Madrid during the Spanish Congress of Medicine. 1927 Oct.
Notes: Not in print; Jane Gray Rogers Biblio.

271. Lecture : Cardiovascular effects of arteriovenous fistulae. Clinical lecture at Charity Hospital to the members of the Southern Interurban Clinical Club of Internists, 13th semi-annual meeting ; Demonstration of two cases of aneurism. 1925 Jun 7.
Notes: Not in print; Jane Gray Rogers Biblio.
272. Lecture : Case of congenital hernia of the cecum, complicated by presence of a diverticulum of the right vesicula seminalis lying on the cord. Exhibit of patient cured of chronic intestinal fistula caused by catheter drainage for intestinal obstruction following appendicular abscess and peritonitis. Description of method of terminal (end-to-end) suture, with supplementary lateral anastomosis with Murphy button. Orleans Parish Medical Society, Clinical meeting; 1922 Mar 13.
Notes: Not in print; Jane Gray Rogers Biblio.
273. Lecture : Chronic relapsing tubercular ganglio-tenosynovitis of dorsal bursa of the wrist, treated successfully by incision of the sac, the evacuation of its contents (melon seed bodies) injection of iodinticture closure of sac without drainage followed by an external application of radium. Violent reaction with intense local and constitutional disturbances, ending in cure. Touro Infirmary Clinical Society. 1922 Jun 14.
Notes: Not in print; Jane Gray Rogers Biblio.
274. Lecture : Congenital arteriovenous fistula. Discussion of Dr. W. F. Reinhoff's paper. Meeting of A.M.A. 1924 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
275. Lecture : Further observations on treatment of post-operative vomiting, distention and peritonitis, by continued drainage and lavage with duodenal tube. Read at meeting A.M.A. Surgical Section. 1924 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
276. Lecture : Gunshot wounds of the abdomen. Read before the Louisiana State Medical Society. 1916 Apr 28.
Notes: Not in print; Jane Gray Rogers Biblio.
277. Lecture : Gunshot wounds of the abdomen. Report read at meeting of the surgical staff, Charity Hospital. New Orleans; 1926 Feb 17.
Notes: Not in print; Jane Gray Rogers Biblio.
278. Lecture illustrated with moving pictures on the surgical cure of aneurisms at the School of Medicine of the University of Barcelona (in Spanish). 1927.
Notes: Not in print; Jane Gray Rogers Biblio.
279. Lecture : Introductory remarks at the lecture delivered by Dr. W.J. Mayo in the Miles Amphitheatre, Charity Hospital, New Orleans. 1925 Apr 7.
Notes: Not in print; Jane Gray Rogers Biblio.
280. Lecture : Lecture and moving picture to illustrate the operation of endoaneurismorrhaphy. Opera House, Monroe, La., Louisiana State Medical Society. 1926 Apr 16.
Notes: Not in print; Jane Gray Rogers Biblio.
281. Lecture : Lessons gathered from the experience of the World War in the surgery of the vascular system. Address before association of Military Surgeons by invitation at meeting. New Orleans; 1920 Apr 23.
Notes: Not in print; Jane Gray Rogers Biblio.
282. Lecture : Ligation of the abdominal aorta illustrated by a moving film, showing the case of Corrine Duncan operated on April 9, 1925, following a report of a ligation of abdominal aorta by Dr. Barney Brooks,

at Dallas, Texas meeting of the A.M.A., Surgical Section. 1916 Apr 21.

Notes: Not in print; Jane Gray Rogers Biblio.

283. Lecture : Method of treating aneurisms by intrasacular suture. Lantern lecture. Scientific Exhibit, Motion picture theatre A.M.A. 1924 Jun 11.
Notes: Not in print; Jane Gray Rogers Biblio.
284. Lecture : On the immediate and end results of the cure of arterial and arteriovenous aneurisms by the method of intrasaccular suture - endoaneurismorrhaphy, lecture illustrated with numerous lantern slides delivered by invitation of the Cincinnati Academy of Medicine. 1925 Mar 2.
Notes: Not in print; Jane Gray Rogers Biblio.
285. Lecture : On the primary excision and suture of war wounds. New Orleans: Touro Clinical Society; 1917 Feb.
Notes: Not in print; Jane Gray Rogers Biblio.
286. Lecture : On the systemic effects of arteriovenous aneurisms of the heart and circulation with introductory address on the life and character of John Thompson Hodgen. The First John Thompson Hodgen lecture delivered before the St. Louis Surgical Society. 1921 Mar 26.
Notes: Not in print according to Jane Gray Rogers Biblio.; Transactions of the Southern Surgical Association 1924 36:623-677 International Clinics 2(Series 35) 1925 58-103
287. A Lecture on traumatism and traumatic aneurisms of the vertebrate artery and their treatment. North American Practitioner. 1893; 5:503.
Notes: Matas - His Bibliography
288. Lecture : Presentations and discussion of case of polypoid mucous adenoma of the stomach, blocking the pylorus and causing profuse and hemorrhage Gastrectomy Exirpation of the tumor after transfusion. Recovery. Touro Infirmary Clinical Society. 1922 Mar 8.
Notes: Not in print; Jane Gray Rogers Biblio.
289. Lecture : Principles governing the surgical treatment of aneurism (Mutter lecture), College of Physicians and Surgeons. Philadelphia: 1916.
Notes: Not in print; Jane Gray Rogers Biblio.
290. Lecture : Remarks at the twenty-fifth anniversary of New Orleans Polyclinic. 1913 Apr 7.
Notes: Not in print; Jane Gray Rogers Biblio.
291. Lecture : Report of a case of septic endocarditis of pneumococcal origin with multiple visceral metastases and other infarcts associated with, or activated by, a cervical adenectomy for metastatic carcinoma of the breast. Touro Infirmary Clinical Society. 1922 May 20.
Notes: Not in print; Jane Gray Rogers Biblio.
292. Lecture : Report of a giant adenomatous (non-toxic) goitre. Presentation of the patient, aged 80 years, and the tumor. Commentaries on the value of the "Jutte" tube as a means of providing a flue or drain for the accumulated gases and fluids in the stomach. Touro Infirmary Clinical Society. 1922 Jun 14.
Notes: Not in print; Jane Gray Rogers Biblio.
293. Lecture : Report of Sodoku or rat bite fever. Preliminary remarks on the nature of this infection and on the sanitary and economic aspects of the rat problem in New Orleans. Touro Clinical Society. 1924 Mar 12.
Notes: Not in print; Jane Gray Rogers Biblio.
294. Lecture : Report of total laryngectomy for carcinoma of the larynx, with presentation of the patient; illustrating the advantages of naso-pharyngeal intubation for systematic feeding in the post-operative

- period. Touro Infirmary Clinical Society. 1922 May 10.
Notes: Not in print; Jane Gray Rogers Biblio.
295. Lecture : Some of the problems that interest the physician and the nurse. Address before National League of Nursing Education. 1916 May 2.
Notes: Not in print; Jane Gray Rogers Biblio.
296. Lecture : Subclavian arteriovenous fistula. Discussion of Dr.Reids' paper and personal experiences quoted at meeting of A.M.A. 1924 Jun.
Notes: Not in print; Jane Gray Rogers Biblio.
297. Lecture : Treatment of empyema based on the experience of the American Base Hospitals during the great epidemic of influenza and pneumonia. Discussion before Touro Clinical Society. 1920 Mar.
Notes: Not in print; Jane Gray Rogers Biblio.
298. Lecture : Treatment of infected wounds as influenced by present European War. Read before Association of R.R. Surgeons of Louisiana. 1916 Apr 27.
Notes: Not in print; Jane Gray Rogers Biblio.
299. Letter to Item-Tribune on the dissemination of knowledge useful in the preservation of health, etc. 1925 Jan 25.
Notes: Jane Gray Rogers Biblio
300. Ligation of the abdominal aorta ; report of the ultimate result, one year, five months and nine days, after ligation of the abdominal aorta for aneurism at the bifurcation. Annals of Surgery. 1925 Feb; 81:457-464.
Notes: Also in Presse Medicale 1925 2: 168 [Fr.], (Lengthy abstract of article by M. Guimbellot)
