Amy,
My apologies I did connect with Joy on this and had not emailed you.

Yes, an extension is possible and we are open to the ideas put into your report about alternative ways to spend since there is limited to no travel at this time.

May 2021 was proposed in your report and we will support this extension date.

Stephanie

Joy and Stephanie,

I am being asked the following question. Can you please help?

Anything new on this grant? Will we receive an extension? When is a final bill due? As a reminder, there is \$536 in expense on this fund and we have not received any revenue as the grantor only wants us to bill at the end. Thanks!

Suzanne Dean

Associate Managing Director – Restricted funds

Joy and Stephanie,

Now that we know for sure that SCC will be virtual, our budget issues remain. I look forward to hearing back from the committee concerning our request.

Thanks for your attention to this once again.
Amy

Hi Amy,

I'm working at home; I'm trying to recuperate and because home environment doesn't provide the efficiency of working at the office, I'm not keeping up well. Thank you Stephanie for picking this up and providing an answer for Amy. I agree what is being requested makes sense.

Thanks,

Joy

Amy,

Thank you for sending. I was delayed in sending emails but I had heard back from both Dan and Debbie S (SCAMeL) finance committee about your question. The Research Committee will review and send feedback on your request.

Please note, Sarah Morley is now retired and Joy Summers-Ables has been out of the office. I am new to this committee so I am making sure that what makes sense (and your request does to me) is agreeable to those who have more experience with how SCAMeL operates.

Thank you.

Stephanie

Subject: SCAMeL Speedy Startup report - Content Analysis: Technology Based Substance Use Disorder Tools and Resources

Greetings!

Please find the requested SCAMeL Speedy StartUp progress report attached. We are happy to report that the *Content Analysis: Technology-based Substance Use Disorder Tools and Resources* is well underway. We do request additional time to work on it and request approval to reallocate funds. Specific details are included within our report. Thank you for reviewing our report and considering our requests.

Best regards,

Hi Amy,

I think that will be fine, you'll need to include the plans for the conference in your initial report. If you will have the report to me by sometime in May and then provide a short addendum once the event is completed, that will work. Please let me know if that's problematic.

Thanks,

Joy

Hi, Joy,

I know we should have all funds spent by March 30, 2020. We have run into the issue of the conference we want to present at not being until October. We can register for the conference prior to March 30, however, we will not know if our poster is accepted until probably May or June, or be able to get airline tickets this early. Is it possible for an extension to be approved? Or, how should we best handle this?

Thanks,

Amy

Subject: RE: SCAMeL Speedy Startup - Content Analysis: Technology Based Substance Use Disorder Tools and Resources

Hi Amy,

I apologize for the delay. After supplying the additional information the SCAMeL Research Committee has agreed to fund your proposal "Content Analysis: Technology Based Substance Use Disorder Tools and Resources" for the full amount of \$5,000. At the conclusion of your project it will be interesting to see the impact that technology has on this issue and how the project lays the groundwork for others of this nature.

I have attached the reimbursement form and W9 form as expenses will be on a reimbursement basis. If the payee is the institution the SSN doesn't need to be completed; your institution is already in the UNT system. If you are the payee you need to complete the attached W9 form. The deadline to complete the project is March 30, 2019, however if it stretches into April that will be fine.

A report on the project will be due to the committee by May 2020.

Using the attached printable/fillable form submit receipts to:

Carol Knisley

UNT Health Science Center at Fort Worth

Gibson D. Lewis Health Science Library

3500 Camp Bowie Boulevard

Fort Worth, TX 76107

Carol.Knisely@unthsc.edu

Joy,

We have not discussed that in detail yet. We have shown some interest in the Addiction Health Services Research (AHSR) Conference. Although we will not be ready for a 2019 conference, for reference, here is the link for the 2019 conference, <http://www.ctnnortheastnode.org/event/2019-addiction-health-services-research-ahsr-conference/>. If we need to attend a conference in the South Central Region, we can look into that more closely.

Thanks,

Amy

Hi Amy,

I was a bit tied up last week and didn't get back with you. The remaining question is have you identified conferences at which you're interested in presenting your findings?

Thanks,

Joy

Hi Amy,

The Research Committee has reviewed your proposal and would like some additional information.

- You've provided roles for each of the individuals listed, please expand on what the project manager, project director and projector leader will be responsible for
- More information on the review process and developing the coding system
- What is the purpose of the professional conferences in the budget?
- How will print materials and posters be used?

Please provide this as soon as possible.

Thank you,

Joy
