Friday, December 9, 2016 *(7 AMA PRA Category 1 Credits™)*

7:15 am – 8:00 am Registration and Continental Breakfast

8:00 am – 8:15 am Welcome and Overview  
Patrick O’Neill, MD

8:15 am – 9:45 am *21st Robert G. Heath, MD Lecture*  
Mechanisms and Treatment in Bipolar Disorder: Episode and Lifetime  
Alan Swann, MD

9:45 am – 11:15 am *The Second Dabney M. Ewin, M.D. Hypnosis Lecture*  
Tranceformation: Hypnosis in Brain and Body  
David Spiegel, MD

11:15 am – 11:30 am Refreshment Break

11:30 am – 12:45 pm Under the Umbrella of the Schizophrenia Syndrome  
Dolores Malaspina, MD, MS, MSPH

12:45 pm – 2:15 pm Lunch on your own

12:45 pm – 2:15 pm Heath Society members, Tulane residents, medical students:  
Heath Society Business Meeting and box lunch

2:15 pm – 3:30 pm Social Cognition Interaction Training  
David Roberts, PhD

3:30 pm – 3:45 pm Refreshment Break

3:45 pm – 5:15 pm Workshops:

I  Mechanisms and Treatment in Bipolar Disorder: Episode and Lifetime  
Alan Swann, MD

II  Tranceformation: Hypnosis in Brain and Body  
David Spiegel, MD

III  Under the Umbrella of the Schizophrenia Syndrome  
Dolores Malaspina, MD, MS, MSPH

IV  Social Cognition Interaction Training  
David Roberts, PhD

6:30 pm – 9:00 pm Reception

Saturday, December 10, 2016 *(5.25 AMA PRA Category 1 Credits™)*

7:30 am – 8:15 am Registration and Continental Breakfast

8:15 am – 8:30 am Welcome and Overview

8:30 am – 9:45 am Therapy or Psychopharmacology for PTSD:  
A Review of the Evidence Behind Current Practice Guidelines  
Jonathan Wolf, MD

9:45 am – 11:00 am Couple-Based Approaches to the Treatment of Posttraumatic Stress Disorder  
Fred Sautter, PhD and Julia Becker Cretu, PsyD

11:00 am – 11:15 am Refreshment Break

11:15 am – 12:30 pm CDC Opioid Guideline - Much Ado About Something  
Mordecai Potash, MD

12:30 pm – 1:45 pm Lunch on your own

1:45 pm – 3:15 pm Workshops:

I  PTSD: Complications and Comorbidities  
Jonathan Wolf, MD

II  Couple-Based Approaches to the Treatment of Posttraumatic Stress Disorder  
Fred Sautter, PhD and Julia Becker Cretu, PsyD

III  Louisiana and Medical Marijuana  
Mordecai Potash, MD
Overview
This activity should provide the physician/health care provider with the most up to date findings and practices necessary to serve patients with severe psychiatric illnesses.

Statement of Need
The field of psychiatry is constantly evolving, as emerging research redefines illnesses. Opiate addiction, bipolar disorders, schizophrenia syndrome and PTSD are disabling mental conditions that require psychiatrists and other healthcare providers have the most updated knowledge regarding the most effective diagnostic and treatment regimens available. Physicians attending this conference should increase their knowledge, skills and competence in the areas of social cognitive therapy, schizophrenia syndrome, opioids, hypnosis, bipolar disorder, and PTSD in pharmacology and couples therapy.

Accreditation
Tulane University Health Sciences Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation
Tulane University Health Sciences Center designates this live educational activity for a maximum of 12.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CEU Credits
Tulane University, Center for Continuing Education has been accredited as an Authorized Provider by the International Association for Continuing Education and Training (IACET). Tulane University, Center for Continuing Education is authorized by IACET to offer 1.2 CEUs for this program.

Educational Objectives
After participating in this educational activity, the participant should be better able to:
• Explain the rationale for providing social cognitive therapy in serious mental illnesses.
• Describe the differences between bias-based and deficit-based social cognitive treatment approaches.
• Describe genetic and other pathways to schizophrenia.
• Describe how the heterogeneity of schizophrenia might influence directions in precision medicine.
• Discuss the CDC’s initial attempts to reduce overdose deaths by advocating for Rx monitoring programs and promoting state pain medicine guideline development.
• Explain to patients and other caregivers the CDC opioid guideline’s 12 major recommendations as well as its limitations.
• Describe the brain basis of hypnosis and hypnotizability.
• Identify the key features of Structured Approach Therapy associated with significant reductions in PTSD.
• Discuss the rationale and evidence-base supporting the use of couple-based interventions to educate and treat patients who suffer from PTSD.
• Explain mechanisms underlying acute episodes, course of illness, and their interaction, in bipolar disorder.
• Identify the points of contention among the major published guidelines for the treatment of PTSD.
• Explain whether behavioral therapy or psychopharmacology should be first-line for the treatment of PTSD.

Predicted Outcomes
Predicted Changes in Practice as a result of this activity may include the ability to:
• Distinguish between bias-based and deficit-based social cognitive treatment approaches.
• Recognize the different pathways to schizophrenia and develop a strategy to achieve precision medicine for the patient.
• Implement opioid guidelines as recommended by the CDC.
• Apply hypnosis to therapeutic interventions for stress, pain, psychosomatic, and habit problems.
• Counsel patients on the use of couple-based interventions to treat PTSD.
• Formulate and critically evaluate integrated treatment strategies in bipolar disorder.
• Distinguish the individual and psychopharmacological interventions with the best evidence supporting their use for the primary treatment of PTSD.
Who Should Attend
- Psychiatrists
- Psychologists
- Neurologists
- Mental Health Professionals
- Internists
- Family Practitioners

Disclosure
It is the policy of the Center for Continuing Education at Tulane University Health Sciences Center to plan and implement all of its educational activities in accordance with the ACCME® Essential Areas and Policies to ensure balance, independence, objectivity and scientific rigor. In accordance with the ACCME® Standards for Commercial Support, everyone who is in a position to control the content of an educational activity certified for AMA PRA Category 1 Credit™ is required to disclose all financial relationships with any commercial interests within the past 12 months that create a real or apparent conflict of interest. Individuals who do not disclose are disqualified from participating in a CME activity. Individuals with potential for influence or control of CME content include planners and planning committee members, authors, teachers, educational activity directors, educational partners, and others who participate, e.g. facilitators and moderators. This disclosure pertains to relationships with pharmaceutical companies, biomedical device manufacturers, biotech firms, or other commercial interests as defined by the ACCME®. Any real or apparent conflicts of interest related to the content of the presentations must be resolved prior to the educational activity. Disclosure of off-label, experimental or investigational use of drugs or devices must also be made known to the audience.

Physician Competencies
This conference is designed to address the issues of competence in the following areas:

ACGME/ABMS Competencies
- Patient Care and Procedural Skills
- Medical Knowledge
- Practice Based Learning Improvement
- Interpersonal and Communication Skills
- Professionalism and System-based Practice

Institute of Medicine Competencies
- Provide Patient centered Care
- Work in Interdisciplinary Teams
- Employ Evidence-based Practice

Interprofessional Education Collaborative Competencies
- Values/Ethics for Interprofessional Practice
- Roles/Responsibilities
- Interprofessional Communication and Teams and Teamwork

Registration Form (You may also register online at http://tulane.edu/cce/)

Brain & Behavior 2016: Comprehensive Approaches to Severe Psychiatric Illnesses
21st Robert G. Heath, MD Lecture; The Second Dabney M. Ewin, M.D. Hypnosis Lecture
December 9-10, 2016

Name ___________________________ Degree ___________________________
